

DAY 1

ROAD / SITUATION	FLANDERS	WALLONIA	BRUSSELS
 Built-up area	50 km/h	50 km/h	30 km/h
 School / Zone 30	30 km/h	30 km/h	30 km/h
 Residential / Meeting zone	20 km/h	20 km/h	20 km/h
 Outside built-up area	70 km/h	90 km/h	70 km/h
 Motorway	120 km/h	120 km/h	120 km/h

ROAD CONFIGURATION	SPEED
Standard motorway — maximum	120 km/h
Minimum speed	70 km/h
2×2 lanes + central divider	120 km/h
2×2 lanes — no central divider	90 km Wallonia / 70 km Flanders / Brussels

SITUATION	EXCESS SPEED	CONSEQUENCE
 Built-up area	> 30 km/h	● COURT
 Other roads	> 40 km/h	● COURT
 Young drivers — built-up	> 20 km/h	● MANDATORY WITHDRAWAL
 Young drivers — other roads	> 30 km/h	● MANDATORY WITHDRAWAL

50 → 30 → 20

Built-up → Zone 30 → Residential / Meeting

70 / 90

Flanders & Brussels → **70 km/h**

Wallonia → **90 km/h**

120

Motorway → **120 km/h**

30 / 40

Court threshold → **>30 built-up / >40 other roads**

20 / 30

Young-driver withdrawal → **>20 built-up / >30 other roads**

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 1 of 13 • Signs 1-17

SIGN LEVHA	ENGLISH	TÜRKÇE
	Warning for a danger with no specific traffic sign Meaning: Warning for a danger with no specific traffic sign.	Belirli bir trafik işareti olmayan tehlike uyarısı Anlamı: Belirli bir trafik işareti olmayan tehlike uyarısı.
	Warning for low-flying aircrafts Meaning: Warning for low-flying aircrafts.	Alçaktan uçan uçaklar için uyarı Anlamı: Alçaktan uçan uçaklar için uyarı.
	Warning for cattle on the road Meaning: Warning for cattle on the road.	Yolda büyükbaş hayvanlar için uyarı Anlamı: Yolda büyükbaş hayvanlar için uyarı.
	Warning for crossing deer Meaning: Warning for crossing deer.	Yolun karşısına geçen geyik için uyarı Anlamı: Yolun karşısına geçen geyik için uyarı.
	Warning for a movable bridge Meaning: Warning for a movable bridge.	Açılır köprü uyarısı Anlamı: Açılır köprü uyarısı.
	Warning for a speed bump Meaning: Warning for a speed bump.	Kasis uyarısı Anlamı: Kasis uyarısı.
	Warning for a bad road surface Meaning: Warning for a bad road surface.	Bozuk yol yüzeyi uyarısı Anlamı: Bozuk yol yüzeyi uyarısı.

SIGN LEVHA	ENGLISH	TÜRKÇE
---------------	---------	--------

	Warning for children Meaning: Warning for children.	Çocuklar için uyarı Anlamı: Çocuklar için uyarı.
	Warning for an uncontrolled crossroad Meaning: Warning for an uncontrolled crossroad.	Kontrolsüz kavşak uyarısı Anlamı: Kontrolsüz kavşak uyarısı.
	Give way to all drivers Meaning: Give way to all drivers.	Tüm sürücülere yol ver Anlamı: Tüm sürücülere yol ver.
	Warning for a crossroad with a side road on the left Meaning: Warning for a crossroad with a side road on the left.	Solda tali yol kavşağı uyarısı Anlamı: Solda tali yol kavşağı uyarısı.
	Warning for a crossroad with a sharp side road on the left Meaning: Warning for a crossroad with a sharp side road on the left.	Sola keskin tali yol kavşağı uyarısı Anlamı: Sola keskin tali yol kavşağı uyarısı.
	Warning for a crossroad with side road on the right Meaning: Warning for a crossroad with side road on the right.	Sağda tali yol kavşağı uyarısı Anlamı: Sağda tali yol kavşağı uyarısı.
	Warning for a crossroad with a sharp side road on the right Meaning: Warning for a crossroad with a sharp side road on the right.	Sağa keskin tali yol kavşağı uyarısı Anlamı: Sağa keskin tali yol kavşağı uyarısı.
	Warning for a crossroad side roads on the left and right Meaning: Warning for a crossroad side roads on the left and right.	Her iki tarafta da tali yol kavşağı uyarısı Anlamı: Her iki tarafta da tali yol kavşağı uyarısı.
	Stop and give way to all drivers Meaning: Stop and give way to all drivers.	Tüm sürücülere dur ve yol ver Anlamı: Tüm sürücülere dur ve yol ver.
	Warning for heavy crosswind Meaning: Warning for heavy crosswind.	Kuvvetli yan rüzgara dikkat Anlamı: Kuvvetli yan rüzgara dikkat.

DAY 2

Topic	Rule
-------	------

Motorway speed	Maximum: 120 km/h • Minimum: 70 km/h
Exit lane	Maximum 90 km/h
Towed vehicle	Maximum 25 km/h • Leave at the first exit
Warning triangle	Motorway: 100 m • Expressway: 30 m
Motorcycle filtering	Maximum 50 km/h
Filtering speed difference	Maximum 20 km/h faster than other traffic
Filtering position	Only between the two leftmost lanes

Situation	Rule
Motorway	Minimum speed applies • No intersections
Expressway	No general minimum speed • Intersections are possible
Lane position	Keep right
Exceptions to keeping right	Overtaking • Traffic signs • Traffic jams
Overtaking	Always overtake on the left
Taking an exit	Enter the exit lane first, then brake
Merging	You must give way to motorway traffic
Hard shoulder	Emergencies only
Towing	Forbidden on the motorway

Situation	Correct Rule
When to merge	Stay in your lane until the end
How to merge	Merge one by one
Three lanes becoming one	Right lane → Left lane → Middle lane last
Priority rule	Zipper lane changing is not considered a manoeuvre , so the normal giving-way rule for manoeuvres does not apply

Forbidden Action	Penalty
Reversing	-5 points

Making a U-turn	-5 points
Driving in the wrong direction	-5 points
Overtaking on the right	-5 points
Stopping on the hard shoulder without an emergency	-5 points
Towing on the motorway	-5 points

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 2 of 13 • Signs 18-34

SIGN LEVHA	ENGLISH	TÜRKÇE
	Warning for a curve to the left Meaning: Warning for a curve to the left.	Sola viraj uyarısı Anlamı: Sola viraj uyarısı.
	Warning for a double curve, first left then right Meaning: Warning for a double curve, first left then right.	Çift viraj uyarısı, önce sola sonra sağa Anlamı: Çift viraj uyarısı, önce sola sonra sağa.
	Warning for a curve to the right Meaning: Warning for a curve to the right.	Sağa viraj uyarısı Anlamı: Sağa viraj uyarısı.
	Warning for a double curve, first right then left Meaning: Warning for a double curve, first right then left.	Çift viraj uyarısı, önce sağa sonra sola Anlamı: Çift viraj uyarısı, önce sağa sonra sola.
	Warning for cyclists Meaning: Warning for cyclists.	Bisikletliler için uyarı Anlamı: Bisikletliler için uyarı.
	Warning for falling rocks Meaning: Warning for falling rocks.	Düşen kayalara dikkat Anlamı: Düşen kayalara dikkat.
	Warning for loose chippings on the road surface Meaning: Warning for loose chippings on the road surface.	Yol yüzeyinde gevşek çakıl için uyarı Anlamı: Yol yüzeyinde gevşek çakıl için uyarı.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Warning for a crossing for pedestrians Meaning: Warning for a crossing for pedestrians.	Yayalar için geçit uyarısı Anlamı: Yayalar için geçit uyarısı.
	Warning for a quayside or riverbank Meaning: Warning for a quayside or riverbank.	Rıhtım veya nehir kıyısı uyarısı Anlamı: Rıhtım veya nehir kıyısı uyarısı.

	Warning for a road narrowing Meaning: Warning for a road narrowing.	Yol daralması uyarısı Anlamı: Yol daralması uyarısı.
	Warning for a road narrowing on the left Meaning: Warning for a road narrowing on the left.	Solda yol daralması uyarısı Anlamı: Solda yol daralması uyarısı.
	Warning for a road narrowing on the right Meaning: Warning for a road narrowing on the right.	Sağda yol daralması uyarısı Anlamı: Sağda yol daralması uyarısı.
	Warning for roadworks Meaning: Warning for roadworks.	Yol çalışması için uyarı Anlamı: Yol çalışması için uyarı.
	Warning for a slippery road surface Meaning: Warning for a slippery road surface.	Kaygan yol yüzeyi uyarısı Anlamı: Kaygan yol yüzeyi uyarısı.
	Warning for a steep ascent Meaning: Warning for a steep ascent.	Dik bir yokuş çıkışı uyarısı Anlamı: Dik bir yokuş çıkışı uyarısı.
	Warning for a steep descent Meaning: Warning for a steep descent.	Dik bir yokuş inışı uyarısı Anlamı: Dik bir yokuş inışı uyarısı.
	Warning for a traffic light Meaning: Warning for a traffic light.	Trafik ışığı uyarısı Anlamı: Trafik ışığı uyarısı.

DAY 3

Type	Sign / Marking	Feature	Priority
Mandatory Cycle Path	D7 sign or two broken white lines	Compulsory for cyclists, cars cannot enter/park	Any vehicle crossing the cycle path must give way to the cyclist. The cyclist has priority even from the left !

Suggested Cycle Path	Different color (red/ochre) or broken line	Recommended for cyclists, not compulsory	No special priority! Normal "give way to the right" rule applies.
-----------------------------	---	--	--

Feature	Class A	Class B
Max Speed	25 km/h	25–45 km/h
Engine	Max 50 cm ³	Max 50 cm ³ , max 4 kW (electric)
License	Not required (age 16)	AM license required (age 16)
Passenger	—	From age 18
Helmet	Compulsory	Compulsory
Protective Clothing	Gloves, long-sleeve jacket, long trousers, ankle-covering boots	Same

Rule
Max speed: 20 km/h
Pedestrians may use the entire road , children may play
Drivers must not endanger / obstruct pedestrians
You must stop if necessary
Parking only allowed in designated areas

Rule
Max speed: 120 km/h (unless otherwise indicated)
Bicycles, mopeds, pedestrians, tractors, horse riders forbidden
When joining the main road from the acceleration lane, give way to traffic on the main road
If slowing down/breaking down, reflective vest must be worn
Rescue lane must be formed (on roads with 2+ lanes, when traffic is congested)

Situation	Rule
You are crossing a mandatory cycle path	Cyclist has priority even from the left
Tram	Always has priority from all directions
You are exiting a dirt/gravel road onto asphalt	Give way to all traffic
Exiting private property / car park	Give way, you have no priority
Making a maneuver at an intersection	You have no priority
B9 (Priority Road)	You have priority at intersections, but must be repeated after every intersection
B1 (Inverted Triangle)	Give way to all approaching traffic
B5 (Stop Sign)	Come to a complete stop, even if no traffic!

Area / Road	Car	Moped	Motorcycle
Residential Area	20 km/h	20 km/h	20 km/h
30 Zone / School / Bicycle Priority Road	30 km/h	30 km/h	30 km/h
Built-up Area (Flanders & Wallonia)	50 km/h	50 km/h	50 km/h
Built-up Area (Brussels)	30 km/h	30 km/h	30 km/h
Outside Built-up Area (Flanders)	70 km/h	70 km/h	70 km/h
Outside Built-up Area (Wallonia)	90 km/h	90 km/h	90 km/h
Motorway	120 km/h	FORBIDDEN	120 km/h

TOPIC	RULES TO REMEMBER
 MANDATORY CYCLE PATH	2 broken lines/D7 → Cyclist ALWAYS has priority • Even from the LEFT ⚠ BIG EXAM TRAP!
 SUGGESTED CYCLE PATH	Broken line / different color → Normal priority rules apply • Give way to the RIGHT
 FIETSSTRAAT / RUE CYCLABLE	• Car = guest , cyclist = main road user • MAX 30 km/h • ❌ Overtaking cyclists FORBIDDEN • One-way road → cyclist may use the entire road
 MOPED CLASS A	• MAX 25 km/h • Minimum age: 16 • ❌ No licence required

 MOPED CLASS B	• MAX 45 km/h • Minimum age: 16 •  AM licence required
 SPEED PEDELEC	•  AM licence •  Helmet •  Licence plate • Follows moped rules
 RESIDENTIAL AREA	• MAX 20 km/h • Pedestrians may use the entire road •  Stop if necessary
 PEDESTRIAN ZONE	• Walking speed • Give way to pedestrians • If crowded → cyclist must DISMOUNT
 MOTORWAY	•  Bicycle, moped, pedestrian & tractor FORBIDDEN • Acceleration lane → YOU GIVE WAY • 2+ lanes + congestion → FORM A RESCUE LANE
 TRAM	 ALWAYS HAS PRIORITY — from ALL DIRECTIONS
 B5 — STOP	COMPLETE STOP required → even when there is NO TRAFFIC
 B1 — GIVE WAY	Slow down → Give way to traffic
 B9 — PRIORITY ROAD	You are on a priority road → Sign must be repeated after every intersection
 BICYCLE EQUIPMENT	•  White front light +  red rear light • Reflectors on wheels + pedals •  Bell • 2 working brakes •  Phone forbidden •  Drunk cycling forbidden
 OVERTAKING DISTANCE	   Leave AT LEAST 1 m (built-up) / 1.5 m (outside) when overtaking a bicycle/moped

 EXAM TOPIC	 RULE TO REMEMBER
 Marked Cycle Path (D7)	CYCLIST HAS PRIORITY
 Suggestion Lane (paint)	NORMAL PRIORITY RULES APPLY
 Fietsstraat / Rue Cyclable	MAX. 30 km/h + NO OVERTAKING CYCLISTS
 Residential Area	MAX. 20 km/h
 Pedestrian Zone	WALKING SPEED
 Tram	ALWAYS HAS PRIORITY
 B5 — STOP Sign	COMPLETE STOP
 Motorway Entry	YOU GIVE WAY

 ↔  Overtaking Cyclist / Moped	MIN. 1 m (built-up) / 1.5 m (outside)
---	--

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 3 of 13 • Signs 35-51

SIGN LEVHA	ENGLISH	TÜRKÇE
	Warning for a railroad crossing without barriers Meaning: Warning for a railroad crossing without barriers.	Bariyersiz hemzemin geçit uyarısı Anlamı: Bariyersiz hemzemin geçit uyarısı.
	Warning for a railroad crossing with barriers Meaning: Warning for a railroad crossing with barriers.	Bariyerli hemzemin geçit uyarısı Anlamı: Bariyerli hemzemin geçit uyarısı.
	Warning for a railroad crossing with 1 railway Meaning: Warning for a railroad crossing with 1 railway.	1 demiryolu hattı olan hemzemin geçit uyarısı Anlamı: 1 demiryolu hattı olan hemzemin geçit uyarısı.
	Warning for a railroad crossing with more than 1 railway Meaning: Warning for a railroad crossing with more than 1 railway.	Birden fazla demiryolu hattı olan hemzemin geçit uyarısı Anlamı: Birden fazla demiryolu hattı olan hemzemin geçit uyarısı.
	Warning for trams Meaning: Warning for trams.	Tramvaylar için uyarı Anlamı: Tramvaylar için uyarı.
	Warning for a road with two-way traffic Meaning: Warning for a road with two-way traffic.	Çift yönlü yol uyarısı Anlamı: Çift yönlü yol uyarısı.
	Access prohibited Meaning: Access prohibited.	Giriş yasaktır Anlamı: Giriş yasaktır.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Buses prohibited Meaning: Buses prohibited.	Otobüsler yasaktır Anlamı: Otobüsler yasaktır.
	Cars prohibited Meaning: Cars prohibited.	Otomobillere izin verilmez Anlamı: Otomobillere izin verilmez.
	Cyclists prohibited Meaning: Cyclists prohibited.	Bisikletliler giremez Anlamı: Bisikletliler giremez.

	Cyclists and mopeds prohibited Meaning: Cyclists and mopeds prohibited.	Bisikletliler ve motosikletliler giremez Anlamı: Bisikletliler ve motosikletliler giremez.
	Direction prohibited (road with one-way traffic) Meaning: Direction prohibited (road with one-way traffic).	Gidiş yasak (tek yönlü yol) Anlamı: Gidiş yasak (tek yönlü yol).
	Handcarts prohibited Meaning: Handcarts prohibited.	El arabaları yasaktır Anlamı: El arabaları yasaktır.
	Horsecarts prohibited Meaning: Horsecarts prohibited.	At arabaları yasaktır Anlamı: At arabaları yasaktır.
	Equestrians prohibited Meaning: Equestrians prohibited.	Biniciler yasaktır Anlamı: Biniciler yasaktır.
	Mopeds prohibited Meaning: Mopeds prohibited.	Bisikletler yasaktır Anlamı: Bisikletler yasaktır.
	Mopeds, motorcycles and cars prohibited Meaning: Mopeds, motorcycles and cars prohibited.	Bisikletler, motosikletler ve arabalar yasaktır Anlamı: Bisikletler, motosikletler ve arabalar yasaktır.

DAY 4

ZONE 30:

Rule	Explanation
Speed	Maximum 30 km/h for all vehicles
Validity	Applies to all streets and intersections from the zone start sign until the zone end sign

Does it end at the next intersection?	✗ No! It only ends with the "zone end" sign. This is one of the most common mistakes
Near schools	Zone 30 is mandatory around schools

School Street:

Feature	Explanation
Speed	Zone 30 applies → 30 km/h
During school hours	Vehicle traffic is forbidden (C3 sign)
Local residents	May enter but must drive very slowly
Dynamic signs	Electronic signs that light up/activate during school hours indicate when restrictions apply
Purpose	Encourage children to walk or cycle to school

Residential Area:

Rule	Explanation
Maximum speed	20 km/h (not walking speed — 20 km/h!)
Pedestrians	May use the entire road width
Children	Allowed to play

Driver obligation	Must not endanger or obstruct pedestrians. Must stop if necessary
Parking	Forbidden! Only allowed in specially marked parking areas
Priority	Pedestrians and local life > Vehicle traffic

Cycling Street:

Feature	Explanation
Sign	F111
Speed	30 km/h
Cyclists	Have priority, may use the entire road
Overtaking	You may NOT overtake cyclists! Your speed cannot exceed theirs

FLASHCARD MEMORY NOTES

ZONE 30

- Speed: **30 km/h**
- Valid on **ALL streets**, does **NOT** end at intersections!
- Only ends with "zone end" sign

SCHOOL STREET

- Dynamic sign active → **30 km/h** or traffic ban
- Vehicle traffic **FORBIDDEN** during school entry/exit times
- Local residents may enter but **very slowly**

RESIDENTIAL AREA

- Speed: **20 km/h** (NOT walking speed!)
- Start: **F12a** → End: **F12b**
- Pedestrians may use the **ENTIRE ROAD WIDTH**
- Children may play
- Driver must **STOP** if necessary
- Parking **FORBIDDEN** (only in marked areas)

Road Type	Flanders	Wallonia	Brussels
Built-up area	50 km/h	50 km/h	30 km/h
Outside built-up area	70 km/h	90 km/h	70 km/h
Motorway	120 km/h	120 km/h	120 km/h

EXAM CRITICAL RULES

- Speed violation = **SERIOUS OFFENSE** (5 points deducted)
- **2 serious offenses = FAIL**

- Passing score: **41/50**
- Zone signs end with "zone end", **NOT at intersections**
- Residential area: **20 km/h**
- Zone 30: **30 km/h**
- Parking is prohibited in a residential area.

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 4 of 13 • Signs 52-68

SIGN LEVHA	ENGLISH	TÜRKÇE
	Motorcycles prohibited Meaning: Motorcycles prohibited.	Motosikletler yasaktır Anlamı: Motosikletler yasaktır.
	Motorcycles and cars prohibited Meaning: Motorcycles and cars prohibited.	Motosikletler ve arabalar yasaktır Anlamı: Motosikletler ve arabalar yasaktır.
	Pedestrians prohibited Meaning: Pedestrians prohibited.	Yayalar yasaktır Anlamı: Yayalar yasaktır.
	Quads prohibited Meaning: Quads prohibited.	ATV'lerin girişi yasak Anlamı: ATV'lerin girişi yasak.
	Trucks prohibited Meaning: Trucks prohibited.	Kamyona yasaktır Anlamı: Kamyona yasaktır.
	Overtaking prohibited Meaning: Overtaking prohibited.	Sollama yasaktır Anlamı: Sollama yasaktır.
	End of the overtaking prohibition Meaning: End of the overtaking prohibition.	Sollama yasağının sonu Anlamı: Sollama yasağının sonu.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Overtaking prohibited for trucks Meaning: Overtaking prohibited for trucks.	Kamyonlar için sollama yasaktır Anlamı: Kamyonlar için sollama yasaktır.

	End of the overtaking prohibition for trucks Meaning: End of the overtaking prohibition for trucks.	Kamyonlar için sollama yasağının sonu Anlamı: Kamyonlar için sollama yasağının sonu.
	Begin of a speed limit Meaning: Begin of a speed limit.	Hız sınırı başlangıcı Anlamı: Hız sınırı başlangıcı.
	End of the speed limit Meaning: End of the speed limit.	Hız sınırının sonu Anlamı: Hız sınırının sonu.
	Begin of a zone with speed limit Meaning: Begin of a zone with speed limit.	Hız sınırı olan alan başlangıcı Anlamı: Hız sınırı olan alan başlangıcı.
	End of the zone with speed limit Meaning: End of the zone with speed limit.	Hız sınırı olan bölgenin sonu Anlamı: Hız sınırı olan bölgenin sonu.
	Turning left prohibited Meaning: Turning left prohibited.	Sola dönmek yasaktır Anlamı: Sola dönmek yasaktır.
	Turning right prohibited Meaning: Turning right prohibited.	Sağa dönmek yasaktır Anlamı: Sağa dönmek yasaktır.
	Turning around prohibited (U-turn) Meaning: Turning around prohibited (U-turn).	Geri dönüş yasaktır (U dönüşü) Anlamı: Geri dönüş yasaktır (U dönüşü).
	Vehicles with dangerous goods prohibited Meaning: Vehicles with dangerous goods prohibited.	Tehlikeli madde taşıyan araçlar yasaktır Anlamı: Tehlikeli madde taşıyan araçlar yasaktır.

DAY 5

Light	Also Called	Range	Purpose
Sidelights	Position lights	~150 m	Be seen by others
Low beams	Dipped headlights	~30 m	See & be seen without glaring
High beams	Full headlights	+100 m	Light up far ahead (very glaring)

Front fog lights	—	Wide, low beam	Supplement in poor visibility
Rear fog lights	—	Very powerful	Warn drivers behind you

	Front Fog	Rear Fog
Allowed in rain?	✓ Yes	✗ No — prohibited
Allowed in fog?	✓ Yes	✓ Yes
Allowed in snow?	✓ Yes	✓ Yes
Mandatory?	No	Yes (1, on the left)

Light	Purpose	Key Rule
Daytime Running Lights (DRL)	Make you visible during the day	Can replace dipped beams on mopeds/motorcycles if fitted
Brake lights	Warn behind you that you're slowing	Must work at all times
Reverse lights	Warn others you're backing up	White light at the rear
Turn signals / Indicators	Show your intention to turn/change lanes	Must be used for every turn or lane change
Hazard lights (4-way flashers)	Warn of danger or breakdown	Do NOT use while driving to thank someone or in a tunnel

Situation	Sidelights	Low Beams	High Beams	Front Fog	Rear Fog
------------------	-------------------	------------------	-------------------	------------------	-----------------

Parked on poorly lit road	✓	—	—	—	—
Night in built-up area	✓	✓	✗	—	—
Night outside built-up, lit road	✓	✓	✗	—	—
Night outside built-up, unlit, alone	✓	—	✓	—	—
Night, oncoming vehicle ahead	✓	✓	✗	—	—
Rain (day or night)	✓	✓	✗	✓ optional	✗ prohibited
Thick fog	✓	✓	✗	✓	✓
Snow	✓	✓	✗	✓	✓
Tunnel	✓	✓	✗ prohibited	—	—

Trap	Wrong Answer	Correct Answer
#1 "It's raining hard, I'll use rear fog lights"	✗	Rear fog lights are prohibited in rain
#2 "Built-up area at night is dark, I'll use high beams"	✗	High beams are prohibited in built-up areas
#3 "It's getting dark, sidelights are enough"	✗	Sidelights alone are never enough to drive
#4 "I'll flash headlights to warn about a speed camera"	✗	Flashing for police checkpoints is prohibited

#5 "Low beams light up both sides equally"	✗	They shine more to the right , less to the left
--	---	--

Category	#	Rule
● NEVER	1	Sidelights alone are NEVER enough to drive at night.
	2	High beams are NEVER allowed in built-up areas.
	3	High beams are NEVER allowed in tunnels.
	4	Rear fog lights are NEVER allowed in rain.
	5	Flashing headlights to warn of police is NEVER allowed.
● ALWAYS	1	Low beams ALWAYS in tunnels (day or night).
	2	Low beams ALWAYS in rain, snow, fog (day or night).
	3	Switch to low beams ALWAYS when meeting or following another vehicle.
	4	Rear fog light is ALWAYS on the LEFT side.
	5	Lights must NOT dazzle — ALWAYS switch off main beams in time.
🔢 NUMBERS	1	~ 200 m → Lights required when you can't see this far.
	2	~ 100 m → Rear fog lights only when visibility drops below this.
	3	~ 30 m → Low beam range.

	4	~150 m → Sidelight visibility range.
	5	+100 m → High beam range.
→ MORE TO THE RIGHT	—	Low beams shine more to the right (signs, pedestrians) and less to the left (to protect oncoming traffic).
👤 ALONE = HIGH BEAMS	—	Night + outside built-up area + unlit road + no other vehicle = High beams allowed .

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 5 of 13 • Signs 69-85

SIGN LEVHA	ENGLISH	TÜRKÇE
	Vehicles with explosive materials prohibited Meaning: Vehicles with explosive materials prohibited.	Patlayıcı madde taşıyan araçlar yasaktır Anlamı: Patlayıcı madde taşıyan araçlar yasaktır.
	Vehicles higher than indicated prohibited Meaning: Vehicles higher than indicated prohibited.	Belirtilenden yüksek araçlar yasaktır Anlamı: Belirtilenden yüksek araçlar yasaktır.
	Vehicles longer than indicated prohibited Meaning: Vehicles longer than indicated prohibited.	Belirtilenden uzun araçlar yasaktır Anlamı: Belirtilenden uzun araçlar yasaktır.
	Vehicles with polluted fluids prohibited Meaning: Vehicles with polluted fluids prohibited.	Kirletici sıvı taşıyan araçlar yasaktır Anlamı: Kirletici sıvı taşıyan araçlar yasaktır.
	Vehicles heavier than indicated prohibited Meaning: Vehicles heavier than indicated prohibited.	Belirtilenden ağır araçlar yasaktır Anlamı: Belirtilenden ağır araçlar yasaktır.
	Vehicles wider than indicated prohibited Meaning: Vehicles wider than indicated prohibited.	Belirtilenden geniş araçlar yasaktır Anlamı: Belirtilenden geniş araçlar yasaktır.
	Parking prohibited Meaning: Parking prohibited.	Park yasaktır Anlamı: Park yasaktır.

SIGN LEVHA	ENGLISH	TÜRKÇE
---------------	---------	--------

	Parking and stopping prohibited Meaning: Parking and stopping prohibited.	Park ve durmak yasaktır Anlamı: Park ve durmak yasaktır.
	Road narrowing, give way to oncoming drivers Meaning: Road narrowing, give way to oncoming drivers.	Yol daralıyor, karşıdan gelen araçlara yol verin Anlamı: Yol daralıyor, karşıdan gelen araçlara yol verin.
	Turning left mandatory Meaning: Turning left mandatory.	Sola dönmek zorunludur Anlamı: Sola dönmek zorunludur.
	Turning right mandatory Meaning: Turning right mandatory.	Sağa dönmek zorunludur Anlamı: Sağa dönmek zorunludur.
	Passing left mandatory Meaning: Passing left mandatory.	Sadece soldan geçiş mecburidir Anlamı: Sadece soldan geçiş mecburidir.
	Passing right mandatory Meaning: Passing right mandatory.	Sadece sağdan geçiş mecburidir Anlamı: Sadece sağdan geçiş mecburidir.
	Mandatory direction of the roundabout Meaning: Mandatory direction of the roundabout.	Dönel kavşakta zorunlu yön Anlamı: Dönel kavşakta zorunlu yön.
	Driving straight ahead or turning left mandatory Meaning: Driving straight ahead or turning left mandatory.	Düz devam etme veya sola dönüş zorunludur Anlamı: Düz devam etme veya sola dönüş zorunludur.
	Driving straight ahead or turning right mandatory Meaning: Driving straight ahead or turning right mandatory.	Düz devam etme veya sağa dönüş zorunludur Anlamı: Düz devam etme veya sağa dönüş zorunludur.
	Mandatory left Meaning: Mandatory left.	Sola zorunlu Anlamı: Sola zorunlu.

DAY 6

Equipment	Requirement	Key Rule
Warning Triangle	Mandatory for all vehicles with 4+ wheels	Must be placed behind the vehicle in case of breakdown/accident
Reflective Safety Vest	Mandatory	Must be worn when leaving your vehicle after a breakdown or accident on motorways, roads for motor vehicles, or where stopping/parking is prohibited

First Aid Kit	Compulsory for Belgian-registered vehicles	Recommended for all
Fire Extinguisher	Compulsory for Belgian-registered vehicles	Not compulsory for foreign-registered vehicles
Headlamp Beam Deflectors	Required	For driving on the right (prevent dazzling oncoming traffic)

	STOPPING	PARKING
Definition	Temporary stop — letting someone in/out, loading/unloading	Leaving the vehicle without immediate need
Driver present?	✓ Yes — driver stays near/in vehicle, ready to move	✗ No — driver leaves the vehicle
Engine	May be running if absolutely necessary	Must be switched off
Position	As far right as possible	As far right as possible

Sign	Appearance	What's Prohibited	Memory Trick
E1	1 diagonal red bar	Parking prohibited (stopping still allowed)	1 bar = 1 prohibition
E3	2 diagonal bars (cross)	Stopping AND parking prohibited	2 bars = 2 prohibitions

Location	Prohibition	Exact Distance
Junction	No parking	Within 5 metres of the edge of the transverse carriageway
Pedestrian crossing	No parking	On the crossing + within 5 metres before it
Traffic light	No parking	Within 20 metres before the light
Bus stop	No parking	Within 15 metres of the stop
Bus/tram stop (sign)	No parking	At the stopping place itself
Entrance/exit	No parking	In front of it
Cycle path	No parking	Completely prohibited — no exceptions
Pavement	No parking	Unless signage explicitly allows it
Level crossing	No stopping/parking	On the crossing itself
Raised device (speed hump)	No stopping/parking	On the device itself
Motorways / roads for motor vehicles	No stopping/parking	Except in rest/emergency areas
Tunnels, bridges, underpasses	No stopping/parking	Fire hazard
Tram lines	No stopping/parking	Even momentarily

 **Key numbers to memorize: 5-5-20-15**

- **5 m** at junctions
- **5 m** before pedestrian crossings

- **20 m** before traffic lights
- **15 m** before bus stops

Rule	Detail
When it applies	Working days + Saturday, 9 AM to 6 PM (unless otherwise stated)
Maximum parking time	2 hours
Parking disc	Mandatory — must be clearly visible behind the windscreen
How to set the disc	Round arrival time UP to the next half-hour
Example	Arrive at 10:05 → Set disc to 10:30 → Can stay until 12:30

Period	Park on the Side of...
1st – 15th	Odd-numbered houses
16th – 31st	Even-numbered houses

Memory Trick: Look at the first number of the period.

- **1** is **odd** → odd side
- **16** is **even** → even side

Switch time: Between **7:30 PM and 8:00 PM** on the last day of each period.

Rule	Detail
Basic rule	Parking on pavement is prohibited
Exception	Allowed only when signage explicitly permits it
Pedestrians	At least 1.5 metres clear passage must remain
Verge	At least 3 metres must remain clear for through traffic

Rule	Detail
Speed limit	20 km/h (not "walking pace")
Parking	Only in designated places
Pedestrians	Have priority everywhere — even on the carriageway
Children playing	Allowed on the carriageway

Topic	Rule / Detail
▲ The "1-2 Bar Rule"	
E1	1 bar = 1 prohibition (parking only)
E3	2 bars = 2 prohibitions (stopping + parking)
🚶 The "5-5-20-15" Rule	
5 m	Junction — no parking within 5 m of the edge of the transverse carriageway
5 m	Pedestrian crossing — no parking on or within 5 m before it

20 m	Traffic light — no parking within 20 m before it
15 m	Bus stop — no parking within 15 m of the stop
 Blue Zone Formula	
When	Working days + Saturday, 9 AM – 6 PM
Max time	2 hours
Disc setting	Round UP to the next half-hour
Warning	Never adjust the disc — it's fraud (fine)
 E11 (Alternating Parking)	
1st – 15th	Park on odd-numbered house side
16th – 31st	Park on even-numbered house side
Switch time	7:30 PM – 8:00 PM on the last day of each period
 Breakdown Safety	
Reflective vest	ON before leaving the vehicle
Warning triangle	Place behind the vehicle
Applies on	Motorways, roads for motor vehicles, and where stopping/parking is prohibited
 General Position Rule	
Default	Always park/stop as far RIGHT as possible
Exception	One-way streets → either side allowed

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 6 of 13 • Signs 86-102

SIGN LEVHA	ENGLISH	TÜRKÇE
	Mandatory right Meaning: Mandatory right.	Sağa mecburi yön Anlamı: Sağa mecburi yön.
	Driving straight ahead mandatory Meaning: Driving straight ahead mandatory.	Düz devam etme zorunludur Anlamı: Düz devam etme zorunludur.
	Mandatory path for cyclists Meaning: Mandatory path for cyclists.	Bisikletler için zorunlu yol Anlamı: Bisikletler için zorunlu yol.
	Mandatory divided path for pedestrians and cyclists Meaning: Mandatory divided path for pedestrians and cyclists.	Yaya ve bisikletliler için zorunlu ayrılmış yol Anlamı: Yaya ve bisikletliler için zorunlu ayrılmış yol.
	Mandatory path for equestrians Meaning: Mandatory path for equestrians.	Biniciler için zorunlu yol Anlamı: Biniciler için zorunlu yol.
	Mandatory path for pedestrians Meaning: Mandatory path for pedestrians.	Yayalar için zorunlu yol Anlamı: Yayalar için zorunlu yol.
	Mandatory shared path for pedestrians and cyclists Meaning: Mandatory shared path for pedestrians and cyclists.	Yayalar ve bisikletliler için zorunlu ortak yol Anlamı: Yayalar ve bisikletliler için zorunlu ortak yol.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Begin of a built-up area Meaning: Begin of a built-up area.	Yerleşim yeri başlangıcı Anlamı: Yerleşim yeri başlangıcı.
	End of the built-up area Meaning: End of the built-up area.	Yerleşim alanının sonu Anlamı: Yerleşim alanının sonu.
	Speed bump Meaning: Speed bump.	Kasis Anlamı: Kasis.
	Crossing for cyclists Meaning: Crossing for cyclists.	Bisikletliler için geçit Anlamı: Bisikletliler için geçit.

	Crossing for pedestrians Meaning: Crossing for pedestrians.	Yayalar için geit Anlamı: Yayalar için geit.
	Bike box Meaning: Bike box.	Bisiklet kutusu Anlamı: Bisiklet kutusu.
	Dead end street Meaning: Dead end street.	ıkma� sokak Anlamı: ıkma� sokak.
	Information about the directions of the crossroad Meaning: Information about the directions of the crossroad.	Kav�akta y�n bilgisi Anlamı: Kav�akta y�n bilgisi.
	Runaway truck ramp Meaning: Runaway truck ramp.	Kaı� rampası Anlamı: Kaı� rampası.
	Begin of an expressway Meaning: Begin of an expressway.	evre yolu ba�langıcı Anlamı: evre yolu ba�langıcı.

DAY 7

Rank	Rule	Example
1	 Officer / Authorized person	Arm signals, whistle, baton
2	 Traffic lights	Red = stop, regardless of who comes from the right
3	 Traffic signs	B1, B5, B9, B15, B17
4	 Road markings	Give-way triangles painted on the road
5	 Priority from the right	The default rule when nothing else applies

Wrong Thinking	Correct Answer
"I'm on a bigger road, I have priority"	✗ Width doesn't matter. Only signs and position count.
"I'm going straight, so I have priority"	✗ Going straight gives no automatic priority.
"The Junction sign (B17) must be there for the rule to apply"	✗ The sign is just a reminder. The rule applies even without it.

Sign	Code	Meaning	Exam Tip
 Inverted Triangle	B1	Give way to all traffic. Stop only if necessary.	You must yield, but don't need a full stop if clear.
 Stop Sign	B5	Stop completely , then give way.	Mandatory full stop even if no one is coming. Stop at the white line.
 Yellow Diamond	B9	You are on a priority road.	Repeated after every intersection. No new B9 = priority from the right returns!
 Diamond with Border	B11	End of priority road.	Next junction: priority from the right applies again.
 Arrow Triangle	B17	Junction ahead: priority from the right applies.	Prepare for priority-from-right at the next intersection.

EXCEPTIONS TO PRIORITY FROM THE RIGHT

Exception 1: Trams

Trams ALWAYS have priority — even when coming from the LEFT. This is one of the most common exam traps.

Exception 2: Buses

In a **built-up area**, a bus signaling to leave its stop with its **left indicator** has priority.
You must slow down or stop. *(Only applies to the rightmost lane.)*

Exception 3: Emergency Vehicles

Police, ambulance, fire brigade with **flashing blue lights + siren** always have priority.
Move aside and stop if needed.

Exception 4: Cyclists on Marked Cycle Paths

A cyclist on a **marked cycle path** (white parallel lines) always has priority when you cross that path — **even from the LEFT.**

Exception 5: Motorway & Dirt Tracks

- Entering a motorway via an acceleration lane → **always give way**

- Leaving a dirt track / path / private driveway → **always give way** (even to traffic from the left)

Exception 6: Roundabouts

Most roundabouts have a **D5 sign** (blue arrows in circle) and **B1/B5** on access roads → you must **yield to traffic already on the roundabout**.

 **BUT:** Not all roundabouts have these signs! If no D5 and no B1/B5 → normal priority rules apply (including priority from the right).

JUNCTIONS — HOW TO APPROACH THEM

The 5 Questions to Ask Yourself:

1. Is there an **officer** giving instructions?
2. Are there **traffic lights**?
3. Are there **traffic signs** (B1, B5, B9, B15)?
4. Is there a **tram** or **cyclist on a marked path**?
5. Is the **exit clear**? (*Never enter if you can't exit!*)

Direction	Position
 Turn right	Move as far right as possible

 Turn left	Move left (or center on one-way streets)
 Straight ahead	Stay in your lane

Situation	Rule
Entering	Yield to vehicles already on the roundabout (B1 applies)
Circulating	You have priority over entering vehicles
1st exit	Right indicator mandatory on entry
Other exits	Right indicator mandatory when exiting
No D5 sign?	Normal rules apply — check for priority from the right!

Situation	What You MUST Do
 Barriers or half-barriers closing	Stop immediately . Never force through.
 Bell ringing or flashing lights	Stop mandatory — even without barriers.
 Barriers open, no signals	Still check yourself for trains before crossing.
 Never	Turn around, reverse, or overtake at/near a level crossing.

BELGIAN PRIORITY — CHEAT SHEET	RULE
Priority Order	1. Officer → 2. Traffic Lights → 3. Signs → 4. Road Markings → 5. Right-Hand Priority
B1	Give way — stop if needed

B5	STOP completely , then give way
B9	Priority road — repeated AFTER every junction!
B11	End of priority road
B17	Junction sign: priority from the right applies
ALWAYS YIELD TO	Trams — even from the LEFT!
	Emergency vehicles — blue lights + siren
	Cyclists on marked cycle paths — even from the LEFT!
	Buses leaving stops in built-up areas — when using left indicator
	Traffic already on roundabouts — if D5 sign is present
NEVER	Enter a junction you can't exit
	Stop on a pedestrian crossing
	Force a level crossing when barriers are closing
	Ignore bells/flashing lights at railway crossings
	Turn around or reverse at level crossings
ROUNDAOBOTS	Yield to traffic on the roundabout — if D5 + B1/B5
	Right indicator mandatory when EXITING
	Right indicator on ENTRY only for the 1st exit

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 7 of 13 • Signs 103-119

SIGN LEVHA	ENGLISH	TÜRKÇE
	End of the expressway Meaning: End of the expressway.	Ekspres yolun sonu Anlamı: Ekspres yolun sonu.
	Lane for buses Meaning: Lane for buses.	Otobüsler için şerit Anlamı: Otobüsler için şerit.
	Lane for buses and trams Meaning: Lane for buses and trams.	Otobüs ve tramvaylar için şerit Anlamı: Otobüs ve tramvaylar için şerit.
	Lane for cyclists Meaning: Lane for cyclists.	Bisikletliler için şerit Anlamı: Bisikletliler için şerit.
	End of the lane for cyclists Meaning: End of the lane for cyclists.	Bisikletliler için şeridin sonu Anlamı: Bisikletliler için şeridin sonu.
	Overview of the lanes and their direction Meaning: Overview of the lanes and their direction.	Şeritlerin ve yönlerinin genel görünümü Anlamı: Şeritlerin ve yönlerinin genel görünümü.

**End of a lane**

Meaning: End of a lane.

Bir şeridin sonu

Anlamı: Bir şeridin sonu.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Maximum speed of a lane Meaning: Maximum speed of a lane.	Bir şeridin azami hızı Anlamı: Bir şeridin azami hızı.
	Begin of a motorway Meaning: Begin of a motorway.	Otoyol başlangıcı Anlamı: Otoyol başlangıcı.
	End of the motorway Meaning: End of the motorway.	Otoyolun sonu Anlamı: Otoyolun sonu.
	Road with one-way traffic Meaning: Road with one-way traffic.	Tek yönlü trafik Anlamı: Tek yönlü trafik.
	Parking allowed Meaning: Parking allowed.	Park etmeye izin verilir Anlamı: Park etmeye izin verilir.
	Parking only allowed partially on the road Meaning: Parking only allowed partially on the road.	Yalnızca kısmen yolda park etmeye izin verilir Anlamı: Yalnızca kısmen yolda park etmeye izin verilir.
	Parking only allowed on the road Meaning: Parking only allowed on the road.	Yalnızca yolda park etmeye izin verilir Anlamı: Yalnızca yolda park etmeye izin verilir.
	Parking only allowed on the verge or sidewalk Meaning: Parking only allowed on the verge or sidewalk.	Yalnızca banket veya kaldırımda park etmeye izin verilir Anlamı: Yalnızca banket veya kaldırımda park etmeye izin verilir.
	Begin of a zone for pedestrians Meaning: Begin of a zone for pedestrians.	Yayalar için alan başlangıcı Anlamı: Yayalar için alan başlangıcı.
	End of the zone for pedestrians Meaning: End of the zone for pedestrians.	Yayalar için bölgenin sonu Anlamı: Yayalar için bölgenin sonu.

DAY 8

THE GOLDEN RULE: LEFT SIDE ONLY

In Belgium, you **drive on the right** and you **overtake on the left**.

Overtaking on the right is a SERIOUS OFFENCE (4th degree / niveau 4). On the theory exam, this costs **-5 points**. Two serious offences = **automatic fail**

SAFE DISTANCE WHEN OVERTAKING VULNERABLE ROAD USERS

Situation	Minimum Lateral Distance
Cyclist / moped in built-up areas	1.0 metre
Cyclist / moped outside built-up areas	1.5 metres

THE COMPLETE "NO OVERTAKING" CHECKLIST

#	Prohibited Situation	Details
1	Level crossings with a St Andrew's cross (no barriers or traffic lights)	Exception: permitted to overtake two-wheeled vehicles only.

2	Intersections where priority-from-the-right applies	Exception: permitted to overtake two-wheeled vehicles only.
3	Intersections where YOU must give way (B1/B5 sign, stop line, etc.)	—
4	Pedestrian / cyclist / motorcyclist crossings at uncontrolled locations (no police, no traffic lights)	If the vehicle being overtaken is approaching such a crossing.
5	Where a " No Overtaking " sign is displayed	Until you pass the cancellation sign.
6	Where it would be dangerous (blind bends, crest of hill, hump bridge, poor visibility)	Dangerous overtaking = Level 4 offence (–5 points).

Prohibited Vehicle Situations

#	Prohibited Situation	Details
7	The vehicle ahead is also overtaking a vehicle with more than two wheels	Exception: if there are 3+ lanes in your direction.
8	HGVs in adverse weather on dual carriageways / motorways	They cannot overtake. Exception: agricultural vehicles / vehicles in a special slow lane.
9	Goods vehicles >3.5 tonnes outside built-up areas on roads with only 2 lanes in your direction	Exception: agricultural vehicles / vehicles in a special slow lane.

WARNING SIGNALS WHEN OVERTAKING

Situation	What to Do
Outside built-up areas (daytime)	You may use a brief horn signal to warn the driver ahead that you intend to overtake.
Outside built-up areas (nighttime)	Use flashing headlights instead of the horn.
Inside built-up areas	Horn use is prohibited except to avoid an accident.

OFFENCE LEVELS & PENALTIES

Offence Level	Example Overtaking Violation	Exam Penalty
Level 3	Violating overtaking/passing rules; overtaking where prohibited	-5 points (Serious)
Level 4	Dangerous overtaking (bend, crest of hill, etc.)	-5 points (Serious)

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 8 of 13 • Signs 120-136

SIGN LEVHA	ENGLISH	TÜRKÇE
	Begin of a priority road Meaning: Begin of a priority road.	Öncelikli yol başlangıcı Anlamı: Öncelikli yol başlangıcı.
	End of the priority road Meaning: End of the priority road.	Öncelikli yolun sonu Anlamı: Öncelikli yolun sonu.

	Begin of a residential area Meaning: Begin of a residential area.	Yerleşim alanı başlangıcı Anlamı: Yerleşim alanı başlangıcı.
	End of the residential area Meaning: End of the residential area.	Yerleşim alanının sonu Anlamı: Yerleşim alanının sonu.
	Curve of the main road Meaning: Curve of the main road.	Ana yolun virajı Anlamı: Ana yolun virajı.
	Road narrowing, oncoming drivers have to give way Meaning: Road narrowing, oncoming drivers have to give way.	Yol daralıyor, karşıdan gelen araçlar yol vermeli Anlamı: Yol daralıyor, karşıdan gelen araçlar yol vermeli.
	National speed limits Meaning: National speed limits.	Ulusal hız sınırları Anlamı: Ulusal hız sınırları.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Begin of a tunnel Meaning: Begin of a tunnel.	Tünel başlangıcı Anlamı: Tünel başlangıcı.
	Road with one-way traffic, except for cyclists Meaning: Road with one-way traffic, except for cyclists.	Tek yönlü trafik, bisikletler hariç Anlamı: Tek yönlü trafik, bisikletler hariç.
	Road with one-way traffic, except for cyclists and mopeds class A Meaning: Road with one-way traffic, except for cyclists and mopeds class A.	Tek yönlü trafik, bisiklet ve A sınıfı mopedler hariç Anlamı: Tek yönlü trafik, bisiklet ve A sınıfı mopedler hariç.
	End of the priority road, 200 meter ahead Meaning: End of the priority road, 200 meter ahead.	Öncelikli yolun sonu, 200 metre ileride Anlamı: Öncelikli yolun sonu, 200 metre ileride.
	Turning left mandatory, except for cyclists and mopeds class A Meaning: Turning left mandatory, except for cyclists and mopeds class A.	Bisikletçiler ve A sınıfı mopedler hariç sola dönmek zorunludur Anlamı: Bisikletçiler ve A sınıfı mopedler hariç sola dönmek zorunludur.
	Mandatory path for cyclists and mopeds class B Meaning: Mandatory path for cyclists and mopeds class B.	Bisikletler ve B sınıfı motorlu bisikletler için zorunlu yol Anlamı: Bisikletler ve B sınıfı motorlu bisikletler için zorunlu yol.
	Mandatory path for cyclists, mopeds class B prohibited Meaning: Mandatory path for cyclists, mopeds class B prohibited.	Bisikletler için zorunlu yol, B sınıfı motorlu bisikletler yasak Anlamı: Bisikletler için zorunlu yol, B sınıfı motorlu bisikletler yasak.
	Entry prohibited, except for cyclists Meaning: Entry prohibited, except for cyclists.	Giriş yasak, bisikletliler hariç Anlamı: Giriş yasak, bisikletliler hariç.
	Entry prohibited, except for cyclists and mopeds class A Meaning: Entry prohibited, except for cyclists and mopeds class A.	Giriş yasak, bisikletliler ve A sınıfı motorlu bisikletler hariç Anlamı: Giriş yasak, bisikletliler ve A sınıfı motorlu bisikletler hariç.

Entry prohibited in both directions, except for cyclists

Meaning: Entry prohibited in both directions, except for cyclists.

Her iki yönde de giriş yasak, bisikletliler hariç

Anlamı: Her iki yönde de giriş yasak, bisikletliler hariç.

DAY 9

Legal Blood Alcohol Concentration (BAC) Limits

Driver Category	BAC Limit	BrAC Limit
Standard drivers (B licence)	0.5 g/L	0.22 mg/L
Professional drivers (buses, trucks, taxis)	0.2 g/L	0.09 mg/L

Remember: The Belgian legal limit is expressed as **BrAC** (Breath Alcohol Concentration) in mg/L of exhaled air, but the theory test commonly refers to **BAC** in g/L of blood. The conversion factor is approximately **2.27×** (0.22 mg/L BrAC $\approx$ 0.5 g/L BAC).

Alcohol Testing Procedure

Step	Test Type	Description
1st check	Alcohol analysis (or "sniffer")	A preliminary breath test to detect if alcohol is present. This is the first official check .
2nd check	Evidential breath test	If the first check is positive, a more precise breathalyzer test is conducted.
3rd check	Blood test	If the breath test is disputed or in serious cases, a blood sample may be taken.

Theory Test Tip: The first check for alcohol is called the **"alcohol analysis"** — not the "alcohol test." This is a common trick question!

Penalties & Sanctions by BAC Level

BAC (g/L)	On-the-Spot Fine	Driving Ban	Additional Consequences
0.2 – 0.5	n/a	—	Pro drivers only
0.5 – 0.8	€197	12 hours	—
0.8 – 1.0	€462 *	12 hours	—
1.0 – 1.2	€636 *	12 hours	—
1.2 – 1.5	Court	12 hours	Licence may be withdrawn
> 1.5	Court	At least 15 days	Licence withdrawn on the spot

* Amounts since 1 July 2026 (+10 %). From 0.22 mg/L (0.5 g/L) every offence gets a fixed 12-hour ban. Above 0.50 mg/L (≈1.2 g/L) no immediate settlement: court summons. Professional drivers: offence from 0.09 mg/L (0.2 g/L). Rows 'n/a' and '15 days' could not be re-verified (see correction log).

BAC — QUICK MEMORY NOTES

BAC (g/L)	Fine	Driving Ban	Consequence
0.2–0.5	n/a	—	Pro drivers only
0.5–0.8	€197	12 hours	—
0.8–1.0	€462	12 hours	—
1.0–1.2	€636	12 hours	—
1.2–1.5	Court	12 hours	Licence may be withdrawn
> 1.5	Court	Min. 15 days	Licence withdrawn immediately

BAC	Rule
0.2	→ Pros only
0.5	→ 12 hours
0.8+	→ 12 hours
1.2+	→ Licence at risk
1.5+	→ Licence withdrawn immediately

Alcohol Interlock Programme

For serious or repeat offenders, Belgium uses **Alcohol Interlock** devices (breathalyzer connected to the ignition):

Offender Type	BAC Level	Interlock Required?
Repeat offenders	≥ 1.2 g/L	Mandatory
First offenders	≥ 1.8 g/L	Mandatory (unless justified otherwise)
First offenders	≥ 0.8 g/L	Optional (judge's discretion)

Duration: **1 to 3 years**

ACCIDENT PROCEDURE IN BELGIUM

Step	Action	Details
1. STOP	Immediately stop your vehicle.	It is illegal to leave the scene (hit-and-run). Turn on hazard lights .
2. SECURE	Move to safety & protect the scene.	Move vehicles to the side if possible. Put on your safety vest . Place warning triangles (front and behind).
3. ASSESS	Check for injuries.	If anyone is injured → call 112 immediately.
4. CALL	Contact emergency services if needed.	112 = General Emergency (EU-wide). 101 = Police. 100 = Fire/Ambulance.

5. DOCUMENT	Fill out the European Accident Statement .	Both drivers complete the form. Sketch the accident. Take photos. Each party keeps a copy.
6. REPORT	Notify your insurance company.	Send your copy of the accident form to your insurer.

Important Rules About Accidents

- **Never admit fault** at the scene — let insurance companies determine liability.
 - Always carry a **safety vest** and **warning triangle** in your vehicle.
- In Belgium, drivers fill out an accident report form at the scene — this is known as a "gentleman's agreement."
- If the other driver flees (hit-and-run), **immediately notify the police** and your insurer.

Mnemonic	Meaning
"5-2-1"	5 = 0.5 g/L limit, 2 = 0.2 g/L for pros, 1 = 112 emergency
"A-A-A"	A lcohol A nalysis is the A nswer (first check)
"€197 = 12h"	Fine of €197 → 12-hour ban (0.5–0.8 range)
"€462 = 12h"	€462 (0.8–1.0) / €636 (1.0–1.2) → 12-hour ban
"Stop, Vest, Triangle, 112"	Accident procedure order

Q: What is the legal BAC limit for a standard driver in Belgium? A: 0.5 g/L (0.22 mg/L BrAC)

Q: What is the legal BAC limit for professional drivers? A: 0.2 g/L (since 2015)

Q: What is the first check for alcohol called? A: Alcohol analysis (NOT "alcohol test"
— that's a common trap!)

Q: What device is often used first to detect alcohol? A: A "sniffer" (preliminary
breath test)

Q: How does alcohol affect your driving? A: It slows down reaction time.

Q: What is the emergency number in Belgium? A: 112 (EU-wide general emergency)

Q: What number do you call for police? A: 101

Q: What number do you call for fire/ambulance? A: 100

Q: In an accident with injuries, who do you call? A: 112

**Q: What must you wear when exiting your vehicle after an accident? A: A safety
vest (fluorescent jacket)**

Q: What must you place around your vehicle after an accident? A: Warning triangles (front and behind)

Q: What form do you fill out after an accident? A: The European Accident Statement (accident report form)

Q: What is the fine for a BAC between 0.5 and 0.8 g/L? A: €197 + 12-hour driving ban (since 1 July 2026)

Q: What is the fine for a BAC between 1.2 and 1.5 g/L? A: No immediate fine — court summons + 12-hour driving ban + possible licence withdrawal

Q: At what BAC is your licence withdrawn on the spot? A: Above 1.5 g/L

Q: Does Belgium have a penalty points system? A: NO (not yet). Belgium uses direct fines and driving bans. A 12-point system has been voted but is not yet in force.

Q: What is the maximum driving ban a court can impose? A: Up to 5 years

Q: What is an Alcohol Interlock? A: A breathalyzer device connected to your car's ignition — you must blow clean to start the engine.

Q: When is an Alcohol Interlock mandatory? A:

- Repeat offenders with BAC ≥ 1.2 g/L
- First offenders with BAC ≥ 1.8 g/L

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 9 of 13 • Signs 137-153

SIGN LEVHA	ENGLISH	TÜRKÇE
	Entry prohibited in both directions, except for cyclists and mopeds class A Meaning: Entry prohibited in both directions, except for cyclists and mopeds class A.	Her iki yönde de giriş yasak, bisikletliler ve A sınıfı motorlu bisikletler hariç Anlamı: Her iki yönde de giriş yasak, bisikletliler ve A sınıfı motorlu bisikletler hariç.
	Entry prohibited in both directions, except for local traffic Meaning: Entry prohibited in both directions, except for local traffic.	Her iki yönde de giriş yasak, sadece yerel trafik hariç Anlamı: Her iki yönde de giriş yasak, sadece yerel trafik hariç.
	Entry prohibited, playstreet Meaning: Entry prohibited, playstreet.	Giriş yasaktır, oyun sokağı Anlamı: Giriş yasaktır, oyun sokağı.
	Turning left prohibited, except for cyclists Meaning: Turning left prohibited, except for cyclists.	Bisikletçiler hariç sola dönmek yasaktır Anlamı: Bisikletçiler hariç sola dönmek yasaktır.
	Turning left prohibited, except for cyclists and mopeds class A Meaning: Turning left prohibited, except for cyclists and mopeds class A.	Bisikletçiler ve A sınıfı mopetler hariç sola dönmek yasaktır Anlamı: Bisikletçiler ve A sınıfı mopetler hariç sola dönmek yasaktır.
	Cyclists have to give way Meaning: Cyclists have to give way.	Bisikletliler yol vermelidir Anlamı: Bisikletliler yol vermelidir.
	Cyclists and mopeds have to give way Meaning: Cyclists and mopeds have to give way.	Bisikletliler ve motosikletler yol vermelidir Anlamı: Bisikletliler ve motosikletler yol vermelidir.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Give way to all drivers, 50 meter ahead Meaning: Give way to all drivers, 50 meter ahead.	Tüm sürücülere yol ver, 50 metre ileride Anlamı: Tüm sürücülere yol ver, 50 metre ileride.

	Stop and give way, 250 meter ahead Meaning: Stop and give way, 250 meter ahead.	Dur ve yol ver, 250 metre ileride Anlamı: Dur ve yol ver, 250 metre ileride.
	Give way, watch out for cyclists from left and right Meaning: Give way, watch out for cyclists from left and right.	Yol ver, soldan ve sağdan gelen bisikletlilere dikkat et Anlamı: Yol ver, soldan ve sağdan gelen bisikletlilere dikkat et.
	Give way, watch out for cyclists and mopeds from left and right Meaning: Give way, watch out for cyclists and mopeds from left and right.	Yol ver, soldan ve sağdan gelen bisikletli ve mopetlere dikkat et Anlamı: Yol ver, soldan ve sağdan gelen bisikletli ve mopetlere dikkat et.
	Cyclists have to stop and give way Meaning: Cyclists have to stop and give way.	Bisikletliler durup yol vermelidir Anlamı: Bisikletliler durup yol vermelidir.
	Cyclists and mopeds have to stop and give way Meaning: Cyclists and mopeds have to stop and give way.	Bisikletliler ve motosikletler durup yol vermelidir Anlamı: Bisikletliler ve motosikletler durup yol vermelidir.
	Stop and give way, 50 meter ahead Meaning: Stop and give way, 50 meter ahead.	Dur ve yol ver, 50 metre ileride Anlamı: Dur ve yol ver, 50 metre ileride.
	Stop and give way, watch out for cyclists from left and right Meaning: Stop and give way, watch out for cyclists from left and right.	Dur ve yol ver, soldan ve sağdan gelen bisikletlilere dikkat et Anlamı: Dur ve yol ver, soldan ve sağdan gelen bisikletlilere dikkat et.
	Stop and give way, watch out for cyclists and mopeds from left and right Meaning: Stop and give way, watch out for cyclists and mopeds from left and right.	Dur ve yol ver, soldan ve sağdan gelen bisikletlilere ve motorlu bisikletlilere dikkat et Anlamı: Dur ve yol ver, soldan ve sağdan gelen bisikletlilere ve motorlu bisikletlilere dikkat et.
	Warning for an uncontrolled crossroad, watch out for cyclists from left and right Meaning: Warning for an uncontrolled crossroad, watch out for cyclists from left and right.	Kontrolsüz kavşak uyarısı, soldan ve sağdan gelen bisikletlilere dikkat edin Anlamı: Kontrolsüz kavşak uyarısı, soldan ve sağdan gelen bisikletlilere dikkat edin.

DAY 10

The Essential Checks (Pre-Trip Inspection)

Component	What to Check	Warning Signs
Brakes	Pedal feel, brake fluid, pad thickness	Spongy pedal, squealing, pulling to one side, warning light
Tyres	Tread depth, pressure, condition, spare	Tread < 1.6mm, cracks, bulges, uneven wear, flat spots

Lights & Indicators	All lights function properly	Dim lights, flickering, one side out
Reflectors	Rear reflectors clean and intact	Missing, dirty, or damaged reflectors
Mirrors	Clean, properly adjusted, not cracked	Loose, cracked, or fogged mirrors
Windshield & Wipers	Chips, cracks, wiper blade condition	Cracks in driver's vision area, streaking wipers
Exhaust System	Leaks, unusual noise, smoke color	Loud noise, visible smoke, exhaust smell in cabin
Steering	Play in wheel, pulling, vibration	Excessive free play, vibration, uneven resistance
Suspension	Vehicle sits level, bounces correctly	Vehicle leans, excessive bouncing, clunking noises
Seat Belts	Retraction, locking, fraying	Slow retraction, doesn't lock, cuts/fraying
Horn	Works properly	Weak or no sound

Tyres — The #1 Exam Topic

Minimum tread depth: 1.6mm across the central three-quarters of the tyre (but replace at 3mm for safety).

Tyre pressure: Check when tyres are **cold** (not after driving). Under-inflation causes overheating and blowouts. Over-inflation reduces grip and wears the center tread.

Tyre rotation: Front tyres wear faster on front-wheel-drive cars. Rotate regularly for even wear.

Spare tyre: Must be in good condition and properly inflated. Know how to change it!

Brakes — Critical Safety System

Brake fluid: Check level in reservoir. Low level may indicate worn pads or a leak. Fluid should be clear/light amber — dark fluid needs replacement.

Brake pads: Squealing = wear indicator. Grinding = metal on metal (dangerous!).

Handbrake (parking brake): Should hold the vehicle on a slope. If it needs more than 5-6 clicks, it needs adjustment.

Brake warning light: If it stays on while driving → stop and check immediately. Could be low fluid, worn pads, or system failure.

SKIDDING, ABS & ESP

What is a Skid?

A skid occurs when tyres lose grip with the road surface. The vehicle slides instead of following your steering input.

Common causes of skidding:

- Driving too fast for conditions
- Braking too hard (wheel lock-up)
- Accelerating too hard (wheel spin)
 - Steering too sharply
- Slippery surfaces (rain, ice, leaves, oil, diesel spills)

Type	What Happens	How to Correct
Rear-wheel skid (oversteer)	Rear slides out — vehicle spins	Steer INTO the skid (if rear goes left → steer left)
Front-wheel skid (understeer)	Front wheels slide — car goes straight instead of turning	Ease off accelerator/brakes, don't steer more, wait for grip
Four-wheel skid	All wheels lose traction	Ease off all pedals, steer gently to maintain direction

Golden Rule: If you skid, **DO NOT brake hard** — this makes it worse. Ease off the accelerator and steer smoothly into the skid direction.

Kayma Türü	Ne Olur?	Nasıl Düzeltilir?
Arka tekerlek kayması (Oversteer)	Aracın arkası dışarı doğru kayar ve araç savrulabilir/dönebilir.	Kayma yönüne doğru direksiyon çevirin. Arka taraf sola kayıyorsa → direksiyonu sola çevirin.
Ön tekerlek kayması (Understeer)	Ön tekerlekler yol tutuşunu kaybeder. Direksiyonu çevirmenize rağmen araç düz gitmeye devam eder.	Gazı/freni yavaşça bırakın. Direksiyonu daha fazla çevirmeyin. Lastiklerin tekrar yol tutuşu kazanmasını bekleyin.
Dört tekerlek kayması	Dört tekerleğin tamamı yol tutuşunu kaybeder.	Tüm pedalları yavaşça bırakın. Aracın yönünü korumak için direksiyonu nazik ve kontrollü kullanın.

🧠 Sınav için kolay ezber:

Arka kayarsa → kaydığı yöne çevir.

Ön kayarsa → zorlama, gazı azalt, yol tutuşunun geri gelmesini bekle.

Hepsi kayarsa → pedalları bırak, direksiyonu nazikçe kontrol et.

ABS — Anti-Lock Braking System

What it does: Prevents wheels from locking during hard braking, allowing you to **steer while braking**.

How it works: Sensors on each wheel detect when a wheel is about to lock. The system rapidly releases and reapplies brake pressure (up to 15 times per second), creating a **pulsing feeling** in the brake pedal.

How to use ABS in an emergency:

- ☒ **Brake firmly and hold** — do NOT pump the brakes
 - ☒ **Steer around the obstacle** while braking
 - ☒ **Keep braking until you stop**
 - ☒ Do NOT release pressure when you feel pulsing
- ☒ Do NOT pump the brakes (this is for non-ABS vehicles only)

When ABS is LESS effective:

- Loose surfaces (gravel, snow, ice)
- Very wet roads with standing water (aquaplaning)
 - Worn tyres

ABS warning light: Yellow/amber "ABS" symbol on dashboard. If it stays on, the ABS system has a fault. Your normal brakes still work, but ABS won't activate — get it checked.

 **Sınav için:**

ABS = Frene sert bas + basılı tut + gerektiğinde direksiyonla yön ver.

ESP / ESC — Electronic Stability Program / Electronic Stability Control

What it does: Detects and reduces loss of traction (skidding). It automatically applies braking to individual wheels and reduces engine power to help you regain control.

Also called: ESC, DSC, VSC, ASR, traction control (different manufacturers use different names).

How it works: The system monitors steering input vs. actual vehicle direction. If they don't match (you're skidding), it intervenes automatically.

Key facts for the exam:

-  ESP helps prevent skids before they become dangerous
-  If the ESP warning light **flashes** while driving → the system is actively working to correct a skid → **slow down immediately**
-  If the ESP light stays on constantly → system fault → get it checked
-  ESP does NOT mean you can drive faster in bad conditions
-  ESP cannot overcome physics — drive carefully!

Important: Cars fitted with ESP have been mandatory in the EU since 2014.

 **Kolay ezber:**

ABS = Fren yaparken tekerleklerin kilitlenmesini önler.
ESP = Aracın kaymasını/savrulmasını önlemeye yardımcı olur.

Remember:

- * ESP flashing → system is actively correcting a skid → slow down.
- * ESP constantly on → there may be an ESP fault.

Driving in Slippery Conditions

Stopping distances on wet roads: Can be **up to 10x longer** than on dry roads.

LOAD RULES

Weight & Load Safety Requirements

The Belgian theory test covers "**Safety requirements related to the vehicle load and the persons transported.**"

Rule	Details
Maximum vehicle height	4 meters total (vehicle + load) — critical for bridges, tunnels, parking garages
Roof load overhang	Max 20 cm beyond sides; max 1 meter beyond front or rear

Roof rack	Must be properly installed; items must be securely fastened
Load securing	All loads must be secured so they cannot shift, fall, or create danger
Rear visibility	Must not be obstructed — use mirrors if rear window is blocked
License plate	Must always be visible — never covered by load

Loading Principles

Center of gravity:

- Keep heavy items **low and centered**
- High loads raise the center of gravity → reduces stability, increases rollover risk
 - Affects handling, braking, and cornering

Weight distribution:

- Don't overload the rear → front wheels lose grip (understeer)
 - Don't overload one side → vehicle pulls to that side
 - Distribute weight evenly

Securing the load:

- Use straps, ropes, nets, or cargo barriers
- Prevent movement during acceleration, braking, and cornering
- Inertia causes load to shift: **forward when braking, backward when accelerating, sideways when cornering**

Trailer Rules (Category B)

With a standard Belgian B license:

- You can tow a trailer up to **750 kg** maximum authorized mass
- If the trailer exceeds 750 kg, the **total combined mass** must not exceed **3,500 kg**
 - For heavier combinations, you need a **B+96** or **BE** license

 Sınav ezberi:

B → 750 kg römork

750 kg üzeri → kombinasyon ≤ 3.500 kg

Daha ağır → B+96 / BE

Passenger Safety

- All passengers must wear seat belts (if fitted)
- Children under 1.35m must use appropriate child restraint systems
 - Don't exceed the vehicle's maximum passenger capacity
- Don't carry passengers in the cargo area (unless specifically designed for it)

Sınav için 5 önemli sayı

4 m → Maksimum toplam yükseklik

20 cm → Tavan yükünün yanlardan taşması

1 m → Verdiğin notlara göre ön/arka taşma sınırı

750 kg → B ehliyetle temel römork sınırı

1,35 m → Çocuk güvenlik sistemi için kritik boy sınırı

- Trailer ≤ 750 kg → allowed with standard Category B.
- Trailer > 750 kg → allowed if the combined maximum authorized mass (car + trailer) $\leq 3,500$ kg.
 - Heavier combinations → B+96 or BE.

Heavy items placed high up raise the vehicle's centre of gravity.

This: * reduces stability,

* increases rollover risk,

* negatively affects cornering, handling and braking.

When you brake suddenly, inertia causes the unsecured load to continue moving forward.

Braking → forward

Accelerating → backward

Cornering → sideways

If the ABS warning light stays on continuously, it indicates an ABS fault. Your normal brakes still work, but ABS may not activate during emergency braking.

CARD	TOPIC	KEY RULES / FACTS
1	 BRAKES	• Check brake fluid level regularly • Spongy pedal → air in lines or worn pads • Squealing → wear indicator on pads • Grinding →  immediate danger (metal on metal) • Handbrake → should hold on a slope; 5–6 clicks max
2	 TYRES	• Minimum tread: 1.6 mm (<i>replace at 3 mm</i>) • Check pressure when COLD • Under-inflation → overheating & blowouts • Over-inflation → reduced grip & center wear • Check spare tyre condition & pressure

3	 LIGHTS	• Parking lights → when parked where visibility < 50 m • Dipped beam → at night, in tunnels & bad weather • Fog lights → only when visibility < 100 m • Hazard lights → warning of danger/stopped vehicle • All lights must work before every trip
4	 ABS	• Anti-Lock Braking System • Prevents wheel lock-up during hard braking • Allows you to STEER while braking • Brake FIRMLY and HOLD — don't pump • Pedal pulsing = normal → keep braking • Less effective on gravel, snow, ice & loose surfaces • ABS light ON → fault → get checked
5	 ESP / ESC	• Electronic Stability Program / Control • Detects & corrects loss of traction • Automatically applies brakes to individual wheels • Flashing light → system active → SLOW DOWN • Solid light → system fault → get checked • Mandatory on new EU cars since 2014 • Does NOT replace careful driving
6	 SKIDDING	• Rear skid → steer INTO the skid direction • Front skid → ease off, don't steer more, wait • NEVER brake hard during a skid • Slow down BEFORE bends, not during • Wet road → up to 10× longer stopping distance
7	 LOAD RULES	• Max height: 4 m (<i>vehicle + load</i>) • Roof overhang: 20 cm sides / 1 m front & rear • Heavy items → LOW and CENTERED • Secure load against shifting during acceleration, braking & cornering • Rear visibility & license plate must remain visible • B licence trailer: max 750 kg OR total 3,500 kg • All passengers must wear seat belts • Children <1.35 m → child restraint required

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 10 of 13 • Signs 154-170

SIGN LEVHA	ENGLISH	TÜRKÇE
	Warning for an uncontrolled crossroad, watch out for cyclists and mopeds from left and right Meaning: Warning for an uncontrolled crossroad, watch out for cyclists and mopeds from left and right.	KontROLSÜZ kavşak uyarısı, soldan ve sağdan gelen bisikletli ve motosikletlilere dikkat edin Anlamı: KontROLSÜZ kavşak uyarısı, soldan ve sağdan gelen bisikletli ve motosikletlilere dikkat edin.

	For disabled people Meaning: For disabled people.	Engelliler için Anlamı: Engelliler için.
	For personal transporters Meaning: For personal transporters.	Kişisel taşıtlar için Anlamı: Kişisel taşıtlar için.
	For cyclists Meaning: For cyclists.	Bisikletçiler için Anlamı: Bisikletçiler için.
	For cyclists and mopeds Meaning: For cyclists and mopeds.	Bisikletçiler ve motorlu bisikletler için Anlamı: Bisikletçiler ve motorlu bisikletler için.
	For cyclists and mopeds class P (Speed Pedelecs) Meaning: For cyclists and mopeds class P (Speed Pedelecs).	Bisikletçiler ve P sınıfı motorlu bisikletler (Hızlı Pedelec'ler) için Anlamı: Bisikletçiler ve P sınıfı motorlu bisikletler (Hızlı Pedelec'ler) için.
	For mopeds class P (Speed Pedelecs) Meaning: For mopeds class P (Speed Pedelecs).	P sınıfı motorlu bisikletler (Hızlı Pedelec'ler) için Anlamı: P sınıfı motorlu bisikletler (Hızlı Pedelec'ler) için.

SIGN LEVHA	ENGLISH	TÜRKÇE
	For electric cars Meaning: For electric cars.	Elektrikli arabalar için Anlamı: Elektrikli arabalar için.
	For carpooling Meaning: For carpooling.	Ortak araç kullanımı için Anlamı: Ortak araç kullanımı için.
	For taxis Meaning: For taxis.	Taksiler için Anlamı: Taksiler için.
	Cyclists allowed Meaning: Cyclists allowed.	Bisikletlilere izin verilir Anlamı: Bisikletlilere izin verilir.
	Cyclists allowed Meaning: Cyclists allowed.	Bisikletlilere izin verilir Anlamı: Bisikletlilere izin verilir.
	Cyclists and mopeds allowed Meaning: Cyclists and mopeds allowed.	Bisikletlilere ve motorlu bisikletlere izin verilir Anlamı: Bisikletlilere ve motorlu bisikletlere izin verilir.
	Cyclists and mopeds class A allowed Meaning: Cyclists and mopeds class A allowed.	A sınıfı bisikletliler ve motorlu bisikletlere izin verilir Anlamı: A sınıfı bisikletliler ve motorlu bisikletlere izin verilir.
	Cyclists and mopeds class P allowed Meaning: Cyclists and mopeds class P allowed.	Bisikletliler ve P sınıfı motosikletler girebilir Anlamı: Bisikletliler ve P sınıfı motosikletler girebilir.

	Cyclists and mopeds class A and P allowed Meaning: Cyclists and mopeds class A and P allowed.	Bisikletliler ve A ve P sınıfı motosikletler girebilir Anlamı: Bisikletliler ve A ve P sınıfı motosikletler girebilir.
	Cyclists and mopeds class A allowed Meaning: Cyclists and mopeds class A allowed.	A sınıfı bisikletliler ve motorlu bisikletlere izin verilir Anlamı: A sınıfı bisikletliler ve motorlu bisikletlere izin verilir.

DAY 11

Steering Wheel

- **Both hands** on wheel at all times
- **10 & 2 OR 9 & 3** (quarter to/past 3) — both accepted

Marking	Rule
Broken white	✓ Can cross — overtake, turn, change lanes
Solid white	✗ NEVER cross — 5-point serious offence
Broken + Solid combo	Only the line on YOUR side counts
Broken on your side	✓ Overtake allowed
Solid on your side	✗ Overtake forbidden

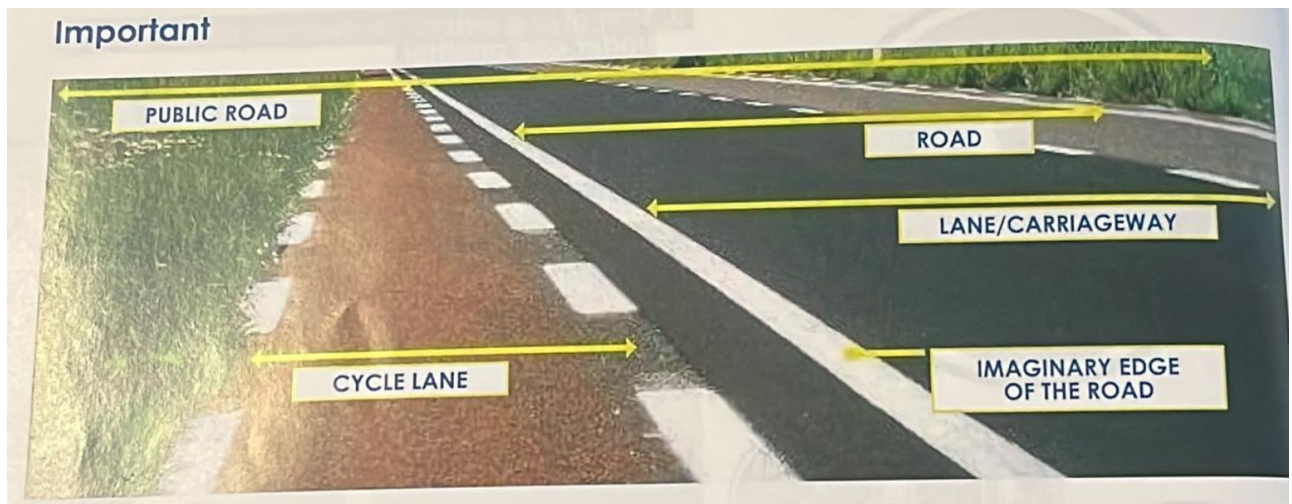

Roadworks

- **ORANGE markings** replace white ones during roadworks

- **Orange = same meaning** as white (solid/broken)
- **Orange ALWAYS wins** over white
- If both visible → **follow orange only**
- Can drive over white markings/hard shoulder **if orange tells you to**

Medical Unfitness

- Doctor says unfit → report to **municipality** within **4 working days**
- **Weekends & holidays excluded** from the 4 days
- Doctor **must** also report it
- To drive again → need **doctor's fitness certificate**

Feature	Real Bicycle Lane	Suggested / Reserved Lane
Markings	2 parallel broken white lines OR traffic sign	Just colored paint
Cars can drive?	✗ No	✓ Yes
Cars can park?	✗ No	✓ Yes

Cars can wait?	☒ No	☒ Yes
----------------	--	---

Warning Triangle

Road Type	Distance
Normal road	30 m
Motor road (autoweg)	30 m
Motorway / Highway (autosnelweg)	100 m

Rule	Requirement
 Visibility	Triangle must be visible from 50 m
 Reflective vest	Wear it before getting out of the vehicle
 Waiting	Wait behind the guardrail

Special Reserved Route (Tram/Bus)

- Marked by: **solid white line(s)** or **checkerboard squares**

- **NOT part of the carriageway**
- **✗ No driving, stopping, or parking** on it
- **✓** Allowed to **cross** only for:
 - Parking / exiting parking next to it
 - Reaching / leaving your property
 - Junction
 - Avoiding an obstacle

Pedestrian vs. Driver

Person	Status
Walking on foot	Pedestrian
Pushing a bicycle/moped by hand	Pedestrian (must use pavement)
Riding a bicycle	Driver
Horseback rider / leading a horse	Driver

Using scooter/skateboard at speed	Driver
-----------------------------------	--------

Maximum Authorised Weight (M.A.W.)

- **M.A.W.** = max total weight of car + everything inside it
- Includes: empty car + fuel + water + driver + passengers + luggage
- Set by the **manufacturer**
- **License B** = max **3,500 kg**
- Overloading = **traffic violation**

Roof Load

- Roof boxes/racks = **more air resistance** = **more fuel consumption**
- Can increase fuel use by ~5%
- **Remove when not in use**

Bicycle Loading

- **Rear rack** is better than roof rack
- Lower air resistance, better stability
- **Never block rear lights or number plate**

Seating Width

Position	Minimum Width
Driver	55 cm
Front passenger	40 cm
3-person bench	135 cm total (55 + 40 + 40)

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 11 of 13 • Signs 171-187

SIGN LEVHA	ENGLISH	TÜRKÇE
	Carpooling allowed Meaning: Carpooling allowed.	Ortak araç kullanımına izin verilir Anlamı: Ortak araç kullanımına izin verilir.
	Buses allowed Meaning: Buses allowed.	Otobüsler girebilir Anlamı: Otobüsler girebilir.
	Vehicles with permit and delivery vehicles allowed Meaning: Vehicles with permit and delivery vehicles allowed.	İzinli ve teslimat araçlarına izin verilir Anlamı: İzinli ve teslimat araçlarına izin verilir.
	Local traffic allowed Meaning: Local traffic allowed.	Sadece yerel trafiğe izin verilir Anlamı: Sadece yerel trafiğe izin verilir.
	Mopeds class B mandatory Meaning: Mopeds class B mandatory.	B sınıfı moped zorunlu Anlamı: B sınıfı moped zorunlu.
	Mopeds class P mandatory Meaning: Mopeds class P mandatory.	Bisiklet sınıfı P zorunludur Anlamı: Bisiklet sınıfı P zorunludur.
	Mopeds class B or P mandatory Meaning: Mopeds class B or P mandatory.	B ya da P sınıfı moped zorunlu Anlamı: B ya da P sınıfı moped zorunlu.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Mopeds class B mandatory Meaning: Mopeds class B mandatory.	B sınıfı moped zorunlu Anlamı: B sınıfı moped zorunlu.

	Mopeds class B prohibited Meaning: Mopeds class B prohibited.	Bisiklet sınıfı B yasaktır Anlamı: Bisiklet sınıfı B yasaktır.
	Mopeds class P prohibited Meaning: Mopeds class P prohibited.	Bisiklet sınıfı P yasaktır Anlamı: Bisiklet sınıfı P yasaktır.
	Mopeds class B or P prohibited Meaning: Mopeds class B or P prohibited.	Bisiklet sınıfı B veya P yasaktır Anlamı: Bisiklet sınıfı B veya P yasaktır.
	Mopeds class B prohibited Meaning: Mopeds class B prohibited.	Bisiklet sınıfı B yasaktır Anlamı: Bisiklet sınıfı B yasaktır.
	Cyclists from both directions Meaning: Cyclists from both directions.	Bisikletliler her iki yönden Anlamı: Bisikletliler her iki yönden.
	Cyclists and mopeds from both directions Meaning: Cyclists and mopeds from both directions.	Bisikletliler ve motosikletler her iki yönden Anlamı: Bisikletliler ve motosikletler her iki yönden.
	Cyclists in both directions Meaning: Cyclists in both directions.	Bisikletliler her iki yönde Anlamı: Bisikletliler her iki yönde.
	Cyclists and mopeds in both directions Meaning: Cyclists and mopeds in both directions.	Bisikletliler ve motosikletliler her iki yönde Anlamı: Bisikletliler ve motosikletliler her iki yönde.
	Cyclists and mopeds class A in both directions Meaning: Cyclists and mopeds class A in both directions.	Bisikletliler ve A sınıfı motosikletler her iki yönde de girebilir Anlamı: Bisikletliler ve A sınıfı motosikletler her iki yönde de girebilir.

DAY 12

SEAT BELTS

- **Always wear:** Pregnant women included
- **Exempt:** Reversing, taxi with client, emergency vehicles (if justified), valid medical exemption (**Muaf olanlar:** Geri manevra yapanlar, **müşterisi/yolcusu olan taksiler, acil durum araçları** (gerekliyse/haklı bir sebep varsa) ve **geçerli sağlık raporuyla muafiyeti bulunan kişiler.**)

LIGHTS

- **Dipped beams ON:** Dusk→dawn + day when visibility < 200m (rain, fog, snow, smoke)

(Kısa farlar AÇIK olmalı:

- **Gün batımından → gün doğumuna kadar**
- **Gündüz görüş mesafesi 200 metrenin altına düştüğünde**
 - Yağmur
 - Sis
 - Kar
 - Duman)
- **High beams:** Outside built-up areas only, no other vehicles in sight
 - **Tunnels:** Dipped beams yes, high beams NO

TUNNEL SMOKE

- Park right / wall side → Engine off → **Key in ignition** → Exit on foot via emergency exit

Safe Following Distance:

- At 120 km/h → 60 m
- At 100 km/h → 50 m

Thinking Distance (Reaction Distance)

- Reaction time of an attentive driver = **1 second**
 - At 50 km/h → 15 m
 - At 90 km/h → 27 m
 - At 120 km/h → 36 m

Braking Distance

Speed	Dry	Wet
50 km/h	12.5 m	~19 m
70 km/h	24.5 m	~37 m
90 km/h	40.5 m	~61 m
120 km/h	72 m	108 m

Total Stopping Distance

Thinking + Braking = Stopping

The "4 Magic Numbers" for the exam:

Speed	Dry Stopping Distance
50 km/h	~30 m
70 km/h	~45 m
90 km/h	~70 m
110 km/h	~95 m

OFFICER SIGNALS

- **Vertical arm** = STOP all

With arm raised vertically

- **Horizontal arm(s)** = STOP front & back; go if parallel to arms

One or two arms raised horizontally

- **Up-down** = Slow down
- **Rotate** = Speed up
- **Red torch** = STOP

TRAFFIC SIGNS | TRAFİK LEVHALARI

SIGN LEVHA	ENGLISH	TÜRKÇE
	Cyclists and mopeds class P in both directions Meaning: Cyclists and mopeds class P in both directions.	Bisikletliler ve P sınıfı motosikletler her iki yönde de girebilir Anlamı: Bisikletliler ve P sınıfı motosikletler her iki yönde de girebilir.
	Cyclists and mopeds class A and P in both directions Meaning: Cyclists and mopeds class A and P in both directions.	Bisikletliler ve A ve P sınıfı motosikletler her iki yönde de girebilir Anlamı: Bisikletliler ve A ve P sınıfı motosikletler her iki yönde de girebilir.
	Panel begin in ... meter Meaning: Panel begin in ... meter.	Panel ... metre sonra başlar Anlamı: Panel ... metre sonra başlar.
	Panel begin Meaning: Panel begin.	Panel başlar Anlamı: Panel başlar.
	Panel valid Meaning: Panel valid.	Panel geçerlidir Anlamı: Panel geçerlidir.
	Panel end Meaning: Panel end.	Panel biter Anlamı: Panel biter.
	... meter ahead Meaning: ... meter ahead.	... metre ileride Anlamı: ... metre ileride.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Stop ... meter ahead Meaning: Stop ... meter ahead.	... metre ileride dur Anlamı: ... metre ileride dur.
	For ... kilometer Meaning: For ... kilometer.	... kilometre boyunca Anlamı: ... kilometre boyunca.
	Weight Meaning: Weight.	Ağırlık Anlamı: Ağırlık.
	Weight Meaning: Weight.	Ağırlık Anlamı: Ağırlık.
	Weight Meaning: Weight.	Ağırlık Anlamı: Ağırlık.
	Crossroad shape Meaning: Crossroad shape.	Yol kesişimi şekli Anlamı: Yol kesişimi şekli.

	Park and ride Meaning: Park and ride.	Park et devam et Anlamı: Park et devam et.
	Disc parking Meaning: Disc parking.	Diskli park Anlamı: Diskli park.
	During time shown Meaning: During time shown.	Gösterilen zamanda Anlamı: Gösterilen zamanda.
	For ... minutes Meaning: For ... minutes.	... dakika boyunca Anlamı: ... dakika boyunca.

DAY 13

B22 vs B23

- **B22** = **R**ight turn (think: **2** looks like a curve → turn)
- **B23** = **S**traight (think: **3** looks like straight lines)

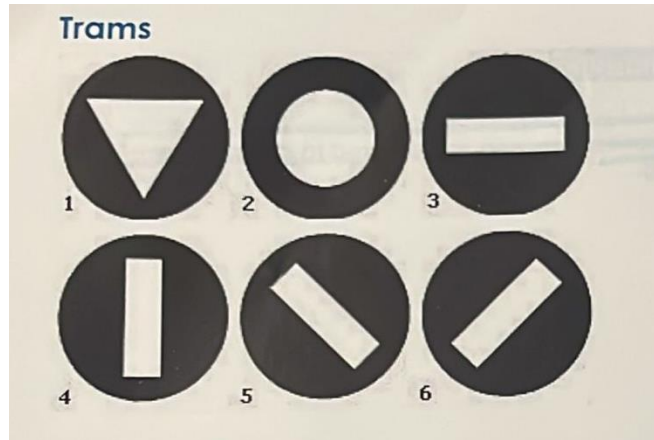

B22

B23

Tram Shapes

- **Triangle** = **Top** = **Go** (green)
- **Circle** = **Caution** = **Amber**
- **Horizontal bar** = **Halt** = **Red** (stop)
- **Vertical bar** = **Vertical** = **Straight**
- **Diagonal** = **Direction indicated**

Shark's Teeth

- Teeth point **down** → you must **yield**

Warning Triangle Distances

- **Normal road: 30m**
- **Motorway: 100m**
- **Visibility: 50m**

Feature	Mandatory (D7 path)	Suggested (Reserved)
Marking	2 broken lines / D7	Dashed or different
Cyclist priority at junction?	YES — cyclists go first	NO — normal right-hand rule
Car from right must stop for cyclist?	Yes	No

Özellik	Zorunlu (D7 yolu)	Önerilen (Ayrılmış)
Yol çizgisi	2 kesik beyaz çizgi / D7	Kesik veya farklı çizgiler
Kavşakta bisikletlinin önceliği var mı?	EVET — bisikletli önce geçer	HAYIR — normal sağdan gelenin önceliği kuralı geçerlidir
Sağdan gelen araç bisikletli için durmalı mı?	Evet	Hayır

Accident Form

Section	Who Fills	When
Front	Both parties together	At the scene
Back	Each party separately	At home, afterwards
Sketch	Both together	At the scene

Parking Signs

Sign	When	Where to Park
E5	1st–15th	Other side
E7	16th–end	Other side
E11	1st–15th = odd houses / 16th–end = even houses	Follow house numbers

İşaret	Ne Zaman?	Nereye Park Edilir?
E5	Ayın 1'i–15'i	Yolun diğer tarafına
E7	Ayın 16'sı–sonu	Yolun diğer tarafına
E11	1–15 = tek numaralı evler / 16–ayın sonu = çift numaralı evler	Ev numaralarını takip et

1. **B22/B23** = cyclists only, not cars. Cyclists must yield.

2. **Green arrow square** = all directions including diagonal for cyclists/pedestrians.
3. **Marked cycle path (D7)** = cyclists have priority OVER right-hand rule.
4. **Suggested cycle path** = normal right-hand rule applies.
5. **Tram** = always has priority, even from the left.
6. **Manoeuvring** = you always yield, no exceptions.
7. **Right turn vs left turn** = right turn has priority (shortest path).
8. **Warning triangle** = 30m normal road, 100m motorway.
9. **Reflective vest** = driver obligatory on motorway; fine = €64.
10. **European Accident Form** = front signed by both; back done at home separately.

Number	What It Means
30m	Warning triangle distance (normal road)
50m	Warning triangle visibility distance
100m	Warning triangle distance (motorway)
24h	Max time for broken-down vehicle on road
3h	Max time for advertising vehicle on road
7:30–8:00 PM	Parking changeover time
€64	Fine for no reflective vest on motorway
1,665 kg	Example M.G.W. calculation

TRAFFIC SIGNS | TRAFİK LEVHALARI

Part 13 of 13 • Signs 205-222

SIGN LEVHA	ENGLISH	TÜRKÇE
	School street Meaning: School street.	Okul sokağı Anlamı: Okul sokağı.
	Emergency telephone and fire extinguisher Meaning: Emergency telephone and fire extinguisher.	Acil telefon ve yangın söndürücü Anlamı: Acil telefon ve yangın söndürücü.
	Queues Meaning: Queues.	Kuyruk Anlamı: Kuyruk.
	Reminder Meaning: Reminder.	Hatırlatma Anlamı: Hatırlatma.
	Damaged roadway Meaning: Damaged roadway.	Yol hasarlı Anlamı: Yol hasarlı.
	Grooves Meaning: Grooves.	Yivler Anlamı: Yivler.
	Soft verge Meaning: Soft verge.	Yumuşak banket Anlamı: Yumuşak banket.

SIGN LEVHA	ENGLISH	TÜRKÇE
	Ruts Meaning: Ruts.	Tekerlek izleri Anlamı: Tekerlek izleri.
	Fog Meaning: Fog.	Sis Anlamı: Sis.
	Ice Meaning: Ice.	Buz Anlamı: Buz.
	Aquaplaning Meaning: Aquaplaning.	Su kızaklaması Anlamı: Su kızaklaması.
	Wet Meaning: Wet.	Islak Anlamı: Islak.
	Truck exit Meaning: Truck exit.	Kamyon çıkışı Anlamı: Kamyon çıkışı.
	Industrial area Meaning: Industrial area.	Sanayi bölgesi Anlamı: Sanayi bölgesi.

B	Tunnel category B Meaning: Tunnel category B.	Tünel kategorisi B Anlamı: Tünel kategorisi B.
C	Tunnel category C Meaning: Tunnel category C.	Tünel kategorisi C Anlamı: Tünel kategorisi C.
D	Tunnel category D Meaning: Tunnel category D.	Tünel kategorisi D Anlamı: Tünel kategorisi D.
E	Tunnel category E Meaning: Tunnel category E.	Tünel kategorisi E Anlamı: Tünel kategorisi E.

DAY 14

Broken Down / Advertising Vehicles

Situation	Maximum Time / Rule
Regular breakdown	Max. 24 hours on a public road
Advertising vehicle	Max. 3 hours
Vehicle for sale	NOT allowed on a public road

Eco-Driving RPMs

Fuel-Saving Rule	Key Point
Petrol engine – shift gear	2,500 RPM
Diesel engine – shift gear	2,000 RPM
Windows	Closed > Open (less air resistance)
Air conditioning (A/C)	Uses extra fuel

Tyre Pressure & Maintenance

Tyre / Wheel Rule	Key Point
Tyre pressure	Use manufacturer's recommended pressure
Long trips / heavy loads	Increase tyre pressure as recommended by the manufacturer
Minimum tread depth	1.6 mm legal / 4 mm recommended
Tyre rotation	Every 10,000–15,000 km
Wheel bolts	Tighten in a crosswise pattern

Tyre Markings: 165/70 R 14 81 T

Tyre Marking	Meaning
165	Width in mm
70	Aspect ratio (%)
R	Radial construction
14	Rim diameter in inches
81	Load index
T	Speed index

Studded Tyres

Winter Tyre Rule	Key Point
Period	1 Nov – 31 Mar
Maximum MAW	3.5 tonnes
Speed – normal roads	60 km/h
Speed – motorways / 2×2 roads	90 km/h
Fitting	Must be fitted on ALL wheels
Rear sign	Display “60” sign at the rear

Winter Tyres (Belgium)

Winter Tyre / Snow Rule	Key Point
Winter tyres	NOT mandatory (recommended below 7°C)
Snow chains	ONLY on snow or ice
M+S tyres with lower speed index	Allowed 1 Oct – 30 Apr only + speed sticker required

LEZ (Low Emission Zone)

Low Emission Zones (LEZ)	Key Point
Cities	Brussels, Antwerp, Ghent
Start sign	F117
End sign	F118
EURONORM	Check on registration certificate
Goal	Reduce air pollution

Fuel Ranking (Most → Least Eco)

Rank	Fuel Type	Environmental Impact
1	LPG	Most environmentally friendly
2	Petrol	More environmentally friendly
3	Sulphur-poor diesel	Less environmentally friendly
4	Regular diesel	Least environmentally friendly

Sıra	Yakıt Türü	Çevresel Etki
1	LPG	En çevre dostu
2	Benzin	Daha çevre dostu
3	Düşük kükürtlü dizel	Daha az çevre dostu
4	Normal dizel	En az çevre dostu

Engine Off

Wait > 30 seconds → switch off engine (eco tip)

Carbon Monoxide

Emission	Key Point
CO (Carbon Monoxide)	Highly poisonous gas
CO emissions	Lead to higher ozone concentration

ABS Braking

ABS Rule	Key Point
ABS equipped + slipping	BRAKE AS HARD AS POSSIBLE
Braking technique	DO NOT pump the brakes manually

Mountain Driving

Situation	Key Point
Steep hill / descent	Use a lower gear → engine braking
Emergency escape ramp	For vehicles with brake failure on long descents

Motor Oil

Engine Oil	Key Point
Functions	Lubricates, cools, prevents rust, cleans
When to check	Engine COLD + car on LEVEL ground
How to check	Use the dipstick
Before long trips	Oil level should be near the “+” / MAX mark

⚠ Common Exam Traps

1. **Studded tyres speed limit on motorways:** Many confuse this with the normal 120 km/h limit. It's **90 km/h** with studded tyres.
2. **Winter tyres are NOT mandatory in Belgium** — unlike Austria or Germany.
3. **Snow chains** are only for snow/ice roads — not legal on dry asphalt.
4. **ABS** means brake **HARD**, not pump gently.
5. **Tyre speed index** must match or exceed the car's max speed — by law.
6. **LEZ** applies to Brussels, Antwerp, and Ghent — not all of Belgium.
7. **Advertising vehicle** = 3 hours max (not 24 hours like a regular breakdown).

KIRMIZI – DUR

STOP AS SOON AS SAFE

Aracı güvenli bir şekilde durdurup kontrol etmeden yola devam etme.

Oil Pressure Warning
Yağ Basıncı Uyarı Işığı
Motor yağ basıncı tehlikeli derecede düşük. Hemen kenara çekip motoru durdur.

Battery Charge Warning
Akü / Şarj Uyarı Işığı
Akü şarj edilmiyor – alternatör arızalı olabilir.

Seat Belt Reminder
Emniyet Kemer Hatırlatıcısı
Sürücü veya yolcu kemeri takılı değil.

Brake System Warning
Fren Sistemi Uyarı Işığı
Fren sıvısı seviyesi düşük ya da fren sisteminde arıza; el freni çekili de olabilir.

Engine Temperature Warning
Motor Sıcaklığı Uyarı Işığı
Motor aşırı ısınıyor. Hemen kenara çekip motoru durdur, su/soğutucu seviyesini kontrol et.

Airbag / SRS Warning
Hava Yastığı Uyarı Işığı
Hava yastığı (SRS) sisteminde arıza var; kaza anında yastıklar açılmayabilir.

Transmission Temperature
Şanzıman Sıcaklık Uyarı Işığı
Otomatik şanzıman yağ aşırı ısınıyor (bazı otomatik/ağır vasıta araçlarda). Gerçek fotoğrafı bulunamadı, bu bir illüstrasyondur.

TURUNCU – DİKKAT

CHECK SOON, DRIVE WITH CARE

Kısa mesafe güvenli sürülebilir, ama en kısa sürede kontrol ettirilmeli.

			
Check Engine Light Motor Arıza Lambası Motor yönetim sisteminde bir arıza tespit edildi.	Tire Pressure Warning (TPMS) Lastik Basıncı Uyarı Işığı Bir veya birden fazla lastiğin hava basıncı düşük.	Traction Control / ESP Çekiş Kontrolü (ESP) Işığı Çekiş kontrol sistemi devrede — kaygan zeminde tekerlek kayıyor.	Low Fuel Warning Yakıt Az Uyarı Işığı Yakıt deposu neredeyse boş, en kısa sürede yakıt al.
			
Power Steering Warning (EPS) Elektrikli Direksiyon (EPS) Işığı Elektrikli direksiyon destek sisteminde arıza. (Orijinal 20 ışığın dışında, ekstra faydalı bir ikaz.)	ABS Warning Light ABS Uyarı Işığı Kilimeme önleyici fren sistemi (ABS) arızalı; normal frenler çalışmaya devam eder, sadece ABS devre dışı.	Security / Immobilizer Light Güvenlik (İmmobilizer) Işığı Motor kilit sistemi anahtarı tanımlıyor ya da sistemde arıza var; motor çalışmayabilir.	Lane Departure Warning Şerit Takip Uyarı Işığı Araç, sinyal vermeden şeritten çıkıyor (modern araçlarda bulunan bir sürücü destek sistemi).
			
Rear Window Defroster Arka Cam Rezistansı Işığı Arka cam buğu/buz çözücü rezistansı açık durumda.	Washer Fluid Low Cam Suyu Az Uyarı Işığı Ön cam yıkama suyu deposu boşalmak üzere. Gerçek fotoğrafı bulunamadı, bu bir illüstrasyondur.	Glow Plug Indicator Kızdırma Bujisi Işığı Dizel motor ısınıyor; ışık sönene kadar kontağı çevirme. Gerçek fotoğrafı bulunamadı, bu bir illüstrasyondur.	

Tehlike değil, sadece bir sistemin açık veya aktif olduğunu gösterir.

Turn Signal Indicators
Sinyal Lambaları

Sağ veya sol sinyal açık.

High Beam Indicator
Uzun Far Göstergesi

Farlar uzun (far) konumunda.

Engine Start Indicator
Motor Çalıştırma Göstergesi

Fren pedalına basmadan "Engine Start/Stop" düğmesine basılınca yanar; otomatik vitesli araçlarda vites kilidiyle birlikte çalışır. (Orijinal görseldeki "Automatic Shift Lock" ışığının bulunabildiğimiz en yakın gerçek fotoğrafı.)

Fog Lamp Indicator
Sis Farı Göstergesi

Ön veya arka sis farları açık. Gerçek fotoğrafı bulunamadı, bu bir illüstrasyondur.

UPDATE 2026 – WHAT CHANGED

Prepared 4 Oct 2026 for Flanders (Ghent), licence B. Checked against Belgian/Flemish publications (police, FPS Mobility, wegcode.be, GOCA/ AutoVeiligheid, City of Ghent) found by web search. The official sites could not be opened directly from my work environment, so I worked from search summaries: re-check amounts and dates on the official pages before your exam. Items I could not confirm were left unchanged and are listed in the correction log.

1. Which rules are valid today?

Topic	Status on 4 Oct 2026
Highway code	The old 1975 Wegcode is still in force . The new <i>Code van de openbare weg</i> was planned for 1 Sep 2026 but was postponed to 1 June 2027 (Royal Decree of 30 June 2026). Your notes (Day 1–14) follow the old code, so they remain the right basis for now. See the “Preview” page for what changes in 2027.
Immediate fines	All immediate fines +10 % since 1 July 2026 (first adjustment since 2017): 1st degree €58 → €64 , 2nd degree €116 → €128 .
Alcohol	Since 1 July 2026 every positive result from 0.22 mg/L (0.5 g/L) means a fixed 12-hour driving ban (before: 2, 3, 6 or 12 h). Immediate fines: 0.22–0.35 mg/L (0.5–0.8 g/L) €197 ; 0.35–0.44 mg/L (0.8–1.0 g/L) €462 ; 0.44–0.50 mg/L (1.0–1.2 g/L) €636 ; above 0.50 mg/L (≈1.2 g/L): court summons. Professional drivers: limit stays 0.09 mg/L (0.2 g/L). Day 9 pages are updated.
Penalty points	None yet. A 12-point system has been voted but its implementing decrees are still pending, so the answer “Belgium has no penalty points” is still correct for now.
Theory exam	50 questions: 45 × 1 point + 5 × 5 points (serious). Pass = 41/50 , i.e. at most 9 light mistakes, or 1 serious + 4 light. Fee €19 per attempt (since 1 Jan 2026).
Practical exam	€51 incl. risk-perception test (since 1 Jan 2026); minimum age 18.
From 1 Jan 2027	To take the practical exam in Flanders, the theory exam must have been passed in a Flemish exam centre (no transition period). No problem if you do both in Flanders.

2. Speeding – checked, no change

- >30 km/h over the limit in built-up area / zone 30 / school / residential area, or >40 km/h elsewhere → **police court**; the judge must impose a driving ban (8 days – 5 years).
- >20 km/h over (built-up) or >30 km/h over (other roads): immediate licence withdrawal is possible. **Young drivers (licence < 2 years): withdrawal is mandatory** at those thresholds and a theory and/or practical exam must be retaken.

3. Sign codes (Day 7) – corrected

Code	Meaning
B9	Priority road (repeat after every junction).
B11	End of priority road → right-hand priority applies again. (<i>Notes had this as “B15”.</i>)
B13	Announces B11 (end of priority road ahead, distance shown). (<i>Notes had “B17 = announcement”.</i>)
B15	You have priority at the junction ahead.
B17	Junction with priority from the right (reminder; the rule applies even without the sign).

Confidence: B9/B11/B13 high, B15/B17 medium (two secondary sources agree with the notes’ own text on B17). Compare with the official sign list at wegcode.be.

GETTING THE B LICENCE IN GHENT

Flemish Region rules as published by GOCA/AutoVeiligheid, Flanders.be, FPS Mobility and driving-school sites (search summaries, 4 Oct 2026). Verify on vlaanderen.be and gocavlaanderen.be before you book.

Route in 4 steps

#	Step	What to know
1	Eye test + theory exam	Short eye test, then theory exam in a Flemish exam centre. €19 per attempt , 50 questions, pass 41/50. After passing you have 3 years to apply for the provisional licence.
2	Provisional licence	Apply at your municipality (Stad Gent). Two models, see below.
3	Practice period	Model 18: practical exam earliest 3 months after issue. Model 36: at least 5 months of practice (maximum 3 years).
4	Practical exam	€51 incl. risk-perception test; minimum age 18; must be taken before the provisional licence expires.

Provisional licence models

	Model 18	Model 36
From age	18	17 (practical exam only from 18)
Validity	18 months	36 months
Driving school	20 hours at a recognised driving school before applying	Not compulsory; supervisor must do a 3-hour course at a recognised school at least 5 months before the practical exam
Driving alone?	Yes (the only model that allows it)	Never; always with one of max. 2 named supervisors (licence ≥ 8 years)

Indicative total cost (2026)

- With driving school (Model 18, ~20 h): roughly €1,250 – €1,950.
- Free candidate with own supervisor (Model 36): mainly official exam/admin costs, roughly €250 – €400 (+ supervisor course).

Cost figures come from driving-school websites, not from the authorities: treat them as estimates.

Türkçe özet: Gent'te B ehliyeti için sıra: göz muayenesi → teori sınavı (50 soru, geçmek için 41/50, deneme başına 19 €) → geçici ehliyet (Model 18: 18 yaş, 18 ay, önce 20 saat sürücü kursu; Model 36: 17 yaş, 36 ay, yanında refakatçi şart) → pratik sınav (51 €, en az 18 yaş). 1 Ocak 2027'den itibaren Flaman bölgesinde pratik sınava girmek için teori sınavını da Flaman bir sınav merkezinde geçmiş olmalısın. Yeni trafik kanunu (Code van de openbare weg) 1 Haziran 2027'ye ertelendi; şu an geçerli olan eski kural seti, notlarındaki kurallar.

PREVIEW – NEW HIGHWAY CODE (1 JUNE 2027)

The new federal *Code van de openbare weg* replaces the 1975 Wegcode. Date postponed from 1 Sep 2026 to 1 June 2027 (Royal Decree of 30 June 2026); the text can still be amended (first amendment published 15 July 2026). Until it applies, learn the rules in Day 1–14. The list below is what the sources report so far: not for the exam unless your exam centre says so.

Reported changes

- **Signs:** more than 45 new signs; redesigned (Vienna Convention), gender-neutral figures, white contrast border on warning and prohibition signs; blue sub-panels become white panels with black text.
- **Roundabouts:** with several lanes, drivers taking the **first exit use the right lane**; for later exits you may choose a lane, but do not move to the right lane before the first exit has been passed. Entering traffic gives way to traffic on the roundabout.
- **Priority:** where priority is not regulated, you must also give way to road users coming from a **prohibited direction** (e.g. against a one-way street).
- **Cyclists:** new B22 sign lets cyclists/speed pedelecs turn **left** through red; “green square” junctions (all directions green at once); cyclists may pass stationary traffic in certain situations; children up to 11 may ride on the pavement; subtler marking for cycle crossings; cyclists on bus lanes no longer have to keep as far right as possible.
- **Motorway minimum speed:** the 70 km/h minimum is reported to disappear (single source, re-check).
- **Warning triangle:** no longer compulsory to carry in most cases (hazard lights are enough); a triangle or portable light is still needed if the hazard lights fail.
- **Regions:** Flanders, Wallonia and Brussels get their own complementary codes (e.g. speed regimes per type of area).

Exam timing

I could not confirm from which date the theory questions switch to the new code. Ask GOCA/AutoVeiligheid or your driving school. Practical plan: the sooner you pass before 1 June 2027, the less you have to relearn.

Other 2026–2027 changes that affect you

- 1 Jul 2026: +10 % on immediate fines; fixed 12-hour ban for alcohol (see Update page).
- 1 Jan 2027: practical exam in Flanders only with a theory exam passed in a Flemish centre.
- Ghent LEZ (low-emission zone): not tightened in 2026 (see next page).

ADDITIONS TO EARLIER DAYS

Facts confirmed in this check that were missing in the notes, or only partly there.

Day 14 – Ghent LEZ (signs F117 start / F118 end)

Fuel	Free access	Day pass only
Petrol	Euro 2 – 6	Euro 0 – 1
Diesel	Euro 5 – 6	Euro 0 – 4

Day pass €35 (max. 24 per vehicle per calendar year). Fines are typically €150 – €350. The Flemish government decided not to tighten the Ghent LEZ in 2026.

Day 2 / 6 / 11 – Warning triangle (confirmed)

At least **30 m** behind the vehicle on ordinary roads and at least **100 m** on motorways; it must be visible from about **50 m**. (Your notes were right.)

Day 3 – Cycle path marking (important)

- A cycle **path** is marked by sign **D7** or by **two parallel broken (dashed) white lines**, not by solid lines. Cyclists on it have priority, also those coming from the left, over vehicles that cross it.
- A **suggestion lane** (coloured paint / pictograms, no D7) has no special priority: normal right-hand rule.
- Overtaking cyclists/mopeds: at least **1 m** sideways in built-up areas, **1.5 m** outside. If you cannot keep that distance, stay behind.

Day 3 – Mopeds (confirmed)

Class A: max 25 km/h, no licence, minimum age 16. Class B: max 45 km/h, AM licence, minimum age 16, passengers from 18. Both need a helmet and a licence plate. A speed pedelec is a class B moped: AM licence, approved helmet, plate, insurance.

Day 10 – Trailer with licence B (confirmed)

Trailer up to 750 kg MAM, or a trailer above 750 kg if car + trailer MAM ≤ 3,500 kg. With B+96: combination up to 4,250 kg. Heavier combinations need BE.

Day 14 – Tyres (confirmed)

Winter tyres are not compulsory. Studded tyres: 1 Nov – 31 Mar, vehicles up to 3.5 t, on all wheels, max 60 km/h on ordinary roads and 90 km/h on motorways/2×2 roads. Snow chains only on snow or ice.

Day 6 – Alternating parking (confirmed)

E5 = parking forbidden from the 1st to the 15th on that side; E7 = from the 16th to month-end; E11 = alternating (half-monthly) parking for the whole built-up area. Change of side between 19:30 and 20:00 on the last day of each period.

Day 7 – Roundabout indicator

Indicate **right when leaving** the roundabout; on entry indicate right only if you take the **first exit**.

CORRECTION LOG

Every change made inside Day 1–14. Page numbers refer to the page of this PDF (original pages keep their numbers).

Day	Page	Was	Now	Basis
3	6, 9, 10, 74	Mandatory cycle path = D10 sign or solid white lines	D7 sign or two parallel broken white lines; suggestion lane = no priority	wegcode.be (cyclists), police; your own Day 11 note already said “broken”
3	10, 11	Overtake cyclist/moped: at least 1 m	1 m in built-up areas, 1.5 m outside (matches your Day 8)	Flemish/Ghent cycling guidance
6	27	Never adjust the disc – (€58 fine)	Amount removed: not verified, and all fines changed on 1 Jul 2026	FPS Mobility (+10 %)
7	30, 34	B15 = end of priority road; B17 = announcement of end	B11 = end of priority road; B17 = junction with right-hand priority (B13 announces B11; B15 = priority at junction)	verkeersbord.be, wikipedia (serie B). Medium confidence on B15
7	34	“Right indicator mandatory on ENTRY only” (contradicted the line above it)	Right indicator on entry only for the 1st exit; otherwise right when exiting	Driving-theory sources
9	41	0.5–0.8 g/L: €179 + 3 h; 0.8–1.0: €420 + 6 h; 1.0–1.2: €578 + 6 h; 1.2–1.5: €1,260 + 6 h	€197, €462, €636, court summons; 12 h ban for all	news.belgium.be, politie.be, FPS Mobility (since 1 Jul 2026)
9	41	Row 0.2–0.5 g/L: €104 + 2 h	n/a for normal drivers (offence starts at 0.5 g/L); professional drivers from 0.2 g/L. The €104 / 2 h could not be confirmed anywhere	Alcohol law summaries
9	43	“€179 = 3h”, “€420 = 6h”	“€197 = 12h”, “€462 / €636 = 12h”	as above
9	45	Q&A: €179 + 3 h; 1.2–1.5 g/L €1,260 + 6 h; “penalty points: NO”	€197 + 12 h; court summons + 12 h; “NO (not yet)” with 12-point system voted	as above; moniteurautomobile.be
13	72, 73	Mandatory = “continuous white lines”	“2 broken lines / D7”	as Day 3
13	74	Vest fine €58; “continuous cycle path”	€64 (1st-degree amount since 1 Jul 2026); “marked cycle path (D7)”	FPS Mobility; degree of this offence assumed

Checked and still correct (no change)

Court thresholds 30/40 and young-driver thresholds 20/30 · pass mark 41/50 · limit 0.5 g/L (0.22 mg/L), professionals 0.2 g/L (0.09 mg/L) · max driving ban 5 years · warning triangle 30 m / 100 m / visible 50 m · compulsory kit in Belgian cars (triangle, extinguisher, first-aid kit, vest) · mopeds A/B, speed pedelec · E1/E3/E5/E7/E11 and the 19:30–20:00 switch · trailer 750 kg / 3,500 kg / B+96 · studded tyres, winter tyres, snow chains · Ghent LEZ with F117/F118.

NOT VERIFIED – LEFT UNCHANGED

I could not find a reliable source for these within the time available. Treat them as “check before the exam”.

- Day 1: regional speed limits table (50/30/20, 70/90, 120, Brussels 30) – widely known, not re-checked here. Day 9–10: emergency numbers, ESP since 2014.
- Day 2: exit lane max 90 km/h; towed vehicle 25 km/h; motorcycle filtering rules (50 km/h, +20 km/h, two left lanes); 2×2 lanes without divider (70/90 km/h).
- Day 5: light ranges (150 m, 30 m, +100 m), “fog lights only below 100 m”, tunnel and rain table.
- Day 6: reflective vest scope (“or where stopping/parking is prohibited”), parking distances 5-5-20-15, pavement 1.5 m / 3 m.
- Day 9: “>1.5 g/L: licence withdrawn on the spot, at least 15 days”; alcohol-interlock thresholds (a source says the interlock is optional from 1.2 g/L and almost systematic from 1.8 g/L; your table differs).
- Day 10: tread depth “replace at 3 mm” vs Day 14 “4 mm recommended” (inconsistent in your notes; legal minimum 1.6 mm).
- Day 11: medical unfitness “4 working days”; seating widths.
- Day 14: M+S tyres “1 Oct – 30 Apr + speed sticker”; fuel ranking; advertising vehicle 3 h; breakdown 24 h.

Translation note (sign tables, Parts 1–13)

I did not change the sign pages. While reading them I noticed Turkish wording that looks wrong, mainly “moped” rendered as bisiklet or motosiklet (e.g. “Mopeds prohibited → Bisikletler yasaktır”; “Cyclists and mopeds ... → Bisikletliler ve motosikletliler ...”). “Moped” is *moped* / *motorlu bisiklet*; a motorcycle is a separate vehicle class. I can fix these in a next pass if you want.
